

The Yun Family's Ninth Child is an Imp! Chapter 1755

Seeing that no one else was coming up, Yun Chujiu ordered two secret guards to carry the stone table back into the distance.

“Prince Charming, there are still people down there, right? If the situation is not good, we at least have a way out.”

“Don't worry. Not only are there people down there, I have also arranged people at the entrance of the cave. There's no chance of failure,” di beiming said in a deep voice.

The Secret Guards of the Temple of Immortals were initially puzzled. It was strange. Why was our Lord so close to this woman from the Netherworld Palace? However, when they heard Yun chujiu call him 'Prince Charming', they had an epiphany, it turned out that the ninth miss had disguised herself!

TSK TSK, the ninth miss was really not human. She had actually mixed herself into the Netherworld Palace. Moreover, it seemed that she was doing quite well. Otherwise, there would not have been guards following her. This secret passage might have been discovered by the ninth miss. How amazing!

Yun chujiu looked at the time. There was still an hour before midnight. “You Chi, bring us to the dormitory of the secret guards.”

“Yes!”

Everyone quickly arrived at the dormitory area of the secret guards. After surrounding the dormitory area, Yun Chujiu gave you chi a look. You Chi said, "Brothers, come out for a while. Something Good has happened!"

You Chi's voice was not loud, but it was late at night. In addition, these secret guards were very alert. Lights quickly lit up in the room, and one after another, secret guards came out.

When the secret guards saw the situation outside, they could not help but be a little confused. "You Chi, what does this mean? Didn't you say that something good has happened? Miss Chujiu, are you here too?"

Yun chujiu nodded. Seeing that everyone had arrived., then, she coughed lightly and said, "Everyone, we are all old acquaintances. I Won't beat around the bush anymore!! Originally, you could be considered as Vice Palace Master Liu's henchmen. However, after interacting with each other these past few days, I felt that all of you were forced. Therefore, I pleaded with the holy maiden. As long as you submit to the Holy Maiden now., "Let bygones be bygones. Moreover, all of you will be the backbone of the Netherworld Hall in the future. Your Future will be bright! "Where do you want to go? Just State your stance!"

Yun chujiu had used all her threats and enticements. Those people had already been mostly instigated by Yun Chujiu. Now that they saw the situation, most of them expressed their willingness to submit.

A few of the secret guards took out their voice transmission talismans and were about to send a message, but they were immediately killed by an Feng and his men. Damn it, this baby is taking it out on you!

Seeing this, the secret guards of the Netherworld Hall became even more afraid to resist.

Yun chujiu saw that the situation was going smoothly, she sent a voice transmission talisman to Jin Zhi. "Beauty Jin Zhi, I have already taken down the saintly Virgin Palace. In an hour, when I cause a ruckus inside, you can take the opportunity to launch a General Attack!"

Jin Zhi was anxiously waiting for news outside the Netherworld Palace. After receiving Yun Chujiu's voice transmission talisman, she immediately told her father, the head of the Jin family, Jin mantang.

Jin mantang was so excited that he was slightly trembling. The future of the Jin family was all placed on tonight. However, Lin Chuchu had taken down the saintly Virgin Palace so quickly, which meant that she still had some ability. She would definitely win tonight.

After Yun Chujiu sent a voice transmission talisman to Jin Zhi, she led everyone to the exit of the saintly Virgin Palace. The saintly Virgin Palace and Yun Zhangqing were waiting there with their men.

Yun chujiu could sense that di beiming, who was beside her, was tensed up. He was walking stiffly. This fellow could not help but feel happy in his heart. was the gigolo nervous because he wanted to meet his mother-in-law?
