

The Yun Family's Ninth Child is an Imp! Chapter 1758

The SAINTESS and Yun Zhangqing were a little nervous. Sheng nv!

If they had known this would happen, they wouldn't have let di beiming make a move. What would they do if they were exposed?

Di Beiming's heart was like a beeping dog. He had wanted to show off in front of his future parents-in-law, but now it had backfired! If this matter was messed up, my daughter-in-law would be ruined!

Damn it, it's all this vice palace master Liu's fault. I'll kill you!

Di beiming stepped up his attack, but his spiritual power was limited. In addition, Vice Palace Master Liu had used the power of the netherworld, so there was no way to kill him.

You Chi and the others felt even more complicated. They naturally wanted to kill Vice Palace Master Liu, but the SAINTESS actually colluded with the people of the temple of Immortals. This was really unacceptable.

At this moment, Yun chujiu laughed crisply. Everyone looked at her in confusion. They thought to themselves, could it be that Lin Chujiu had suffered too much and had gone mad? But that was also true. She had originally thought that it was Kuang Fu Zhengyi, but she did not expect that the SAINTESS had found a helper from the temple of Immortals. It would be strange if she did not fall apart.

After Yun chujiu laughed, she said crisply, “Vice Palace Master Liu, that Old Bastard, is right! That handsome and handsome man is the overlord of the Temple of Immortals, di beiming!”

Everyone smacked their lips. Yun Chujiu felt that something was not right. Why were these words used in a positive way? What did using a positive word for an enemy mean?

“I, on the other hand, am the peerlessly beautiful and devastatingly beautiful little ninth fairy — Yun Chujiu!”

Boom! Yun Chujiu’s words were obviously more lethal than the previous one. Even Vice Palace Master Liu was stunned. If he did not have a defensive spirit tool on him, he would have been injured by di beiming.

“What, what did you say? You Are Yun Chujiu? That’s impossible!”Vice Palace Master Liu suddenly jumped out of the battle. His direct descendant stepped forward to block di beiming. Di beiming had no choice but to stop and return to Yun Chujiu’s side.

“Aiya, old B * stard, besides me, Yun Chujiu, who else has the ability to play you like this? How is it? “I, the successor of Sheng NV, have been promoted step by step by you. I really owe you a thank you!”Yun Chujiu said arrogantly.

Vice Palace Master Liu was so angry that he was trembling, he thought for a while and then laughed wildly, "Yun Chujiu, you are really smart and muddle-headed. Do you think that your scheme has succeeded?"? Hahaha! You and di beiming are walking into a trap! Everyone, these two are our number one enemies. As long as we kill them, we will be able to conquer the Tian Yuan continent in no time! Why aren't you making a move?"

Sheng NV and Yun Zhangqing were so anxious that their foreheads were covered in cold sweat. Why did the situation turn from good to Bad? Little Jiu, Little Jiu, what are you playing at?

Just as everyone was in a commotion, Yun chujiu laughed again. Everyone really did not understand her. What was she laughing at? Was she crazy?

"Everyone, why do you think our esteemed self and I came all the way here to the Netherworld? Don't we know that our spiritual power will be suppressed here? Don't we know that coming here is equivalent to entering a dragon's Den and a tiger's Den?"Yun chujiu asked everyone with a smile.

Those people thought about it and agreed. Unless di beiming and Yun Chujiu had a brain, they would not come all the way here. This was something that would not benefit them at all. Once they were seen through, they would definitely die! Then what was the reason?
