

## The Yun Family's Ninth Child is an Imp! Chapter 1759

Yun chujiu smiled faintly, "The reason why we risked our lives to come to the Netherworld is because of two words: filial piety and kindness."

Vice Palace master Liu snorted coldly, "Filial piety and kindness?" Don't be a hypocrite. You just want to take over the Netherworld continent. Taking over the Netherworld Palace is just the first step! "You first sent people to provoke us at the border and attracted our attention. Then, you sneaked into the Netherworld continent. Once you succeed, you will use the Netherworld Palace as your base and control the entire Netherworld continent. What a good plan!"

Yun chujiu glanced at him. "Sigh, some people see what they see in their hearts! For example, what I see is a fresh flower, but what he sees is a poisonous plant! Everyone, believe me when I say that Vice Palace Master Liu, that old B \* stard, has done things that you all know very well. Let me talk about filial piety first.

Filial piety is the most important thing. Why did the Saintess leave the good saintess behind and choose to run away instead? ! That was because the old palace master was killed by Vice Palace Master Liu, that ambitious man. How could the Saintess marry the person who killed her father? ! So she had to go far away!

Needless to say, the SAINTESS had suffered along the way. Sheng nv could imagine the situation of a weak woman being chased by a heavy army. The SAINTESS had no other choice but to enter the Qing Xuan continent by mistake. After being besieged by the demonic beasts, not only was she severely injured, but she also lost her memory. It was the man beside her who saved her and gave her a brand new life.

After the two of them got married, a group of people picked up an abandoned baby during a training trip. They regarded her as their own child. Although the face of the abandoned baby was dark and could not cultivate, they did not mind at all. They devoted all their efforts to raise the abandoned baby.

Later, in order to regain her memory, the Saintess and her husband came to the border between the Qing Xuan Continent and the Netherworld Continent again. They did not expect to be caught by Vice Palace Master Liu's men. Vice Palace Master Liu used the power of the Netherworld to injure the man, using the antidote to force Sheng NV, Sheng NV had no choice but to become a puppet against her will.

After the abandoned baby that Sheng NV picked up grew up, she accidentally found out about the whereabouts of her adoptive parents. Hence, she disregarded her own safety and sneaked into the Netherworld continent. She became the successor of Sheng NV. After the mother and daughter acknowledged each other., in order to help her adoptive mother take revenge, her adoptive daughter found her fiancé to help her. What was wrong with that?

"That's right. I, Yun Chujiu, am that abandoned baby. I am the Saintess' adoptive daughter. If there is no saintess, then there is no me, Yun Chujiu. If there is no my adoptive parents, then I will lose my life in the wilderness. So, do you think I shouldn't come?" Sheng nv asked? "Do you think this is the dirty deal that Vice Palace Master Liu is talking about?"

At this moment, the Saintess' face was already covered in tears. The veil on her face was soaked with tears.

Everyone present was silent. Most of them were orphans without parents, and their desire for their parents' affection was even greater than that of ordinary people. Some People's eyes were already red. That's right., in order to give their adoptive parents a second chance at life, they had gone deep into a dangerous place. What was wrong with that?

Vice Palace Master Liu saw that the situation was not good, he shouted loudly, “HMPH! What a nice way of saying it! If it was anyone else, it would have been fine, but di beiming was the supreme emperor of the Tianyuan continent’s Hall of longevity. He might have used this opportunity to seize the Netherworld continent! Don’t be deceived by them!”

After hearing Vice Palace Master Liu’s words, the sympathy in everyone’s hearts was diluted a little. That’s right, could it be that in the name of rescuing their adoptive parents, they were actually invading our Netherworld continent?
