

The Yun Family's Ninth Child is an Imp! Chapter 1760

"I've said before that the reason why I came to the Netherworld continent is because of two words: filial piety and kindness. I've said filial piety just now, now let's talk about this kindness."

Yun chujiu paused for a moment when she said this. She saw that everyone was listening to her, then, she continued, "Back then, my adoptive parents adopted me. This is kindness; they didn't abandon me because I was ugly and couldn't cultivate. This is also kindness; I came to rescue my adoptive parents in order to repay their kindness in raising me. This is still kindness. However, these were all small kindness. The reason why my esteemed self and I risked our lives to come to the Netherworld continent was for the greater good.

All these years, Vice Palace Master Liu had continuously invaded the Tian Yuan continent for his own selfish desires. Every action he took would result in huge casualties. The casualties were not only from the Tian Yuan continent but also from your Netherworld continent, this was simply a tragedy in the human world!

Why must he invade the Tian Yuan continent? Don't tell me that you can't live on in the Netherworld continent? No, this is entirely out of vice palace master Liu's ambition! And countless innocent people have become the victims of his unbounded selfish desires!

My esteemed self and I have tried our best to prevent this tragedy in the human world from happening, but Vice Palace master Liu has ignored our warnings and launched an invasion again and again. This time, we happened to learn about my foster mother's matter, so my esteemed self and I decided to use this opportunity to get rid of Vice Palace Master Liu, this malignant tumor.

Only by getting rid of him will our Tian Yuan continent and the netherworld continent coexist peacefully. You can sell the Netherworld continent's specialties to the Tian Yuan continent, and the people of the Tian Yuan continent can also come over to do business. Why Not? Why must we act like enemies?

To take a step back, the people of the Tian Yuan continent's spiritual power in the Netherworld continent will be suppressed. We are not people who have nothing better to do, and we are risking our cultivation base to stay here for a long time.

Therefore, you can rest assured that I have no interest in the Netherworld continent or the Netherworld Palace. Once I help the Saintess get rid of Vice Palace Master Liu, we will immediately leave.

"If you don't believe me, I can swear to the heavens. I, Yun Chujiu, hereby swear that if I have any evil intentions towards the Netherworld continent, I will be struck by lightning and die a horrible death!"

Everyone was shocked by Yun Chujiu's reasonable words. They had long been dissatisfied with vice palace master Liu's repeated invasions. Every time he took action, many of their brothers would die. What was he trying to achieve?

Yun Chujiu was right. The Netherworld continent did not lack anything. Why did they have to find trouble to attack the Tian Yuan continent?

Furthermore, Yun Chujiu had already made a poison vow. It was impossible for her to have any thoughts towards the Netherworld continent. Since that was the case, the collusion that vice palace master Liu said was not valid at all.

Vice Palace Master Liu saw that the situation was not good and shouted loudly, “Don’t listen to her nonsense! What do you mean by ‘great kindness but small kindness’? As long as we conquer the Tian Yuan continent, all the spirit stones there will be ours!”

Yun chujiu sneered, “Did you hear that?” He was just doing it for his own selfish desires. Do you think that even if we can conquer the Tian Yuan continent, those spirit stones will still be yours? Moreover, how many of you will be able to live until the end? You will only become stepping stones.

What are you still standing there for? Why aren’t you quickly getting rid of this malignant tumor? If you want to live a peaceful life, if you want to cultivate the Great Dao, kill this old bastard! As long as you kill him, your wife and children’s wish to have a warm bed will come true. Otherwise, you’ll be single for the rest of your lives!”
