

## The Yun Family's Ninth Child is an Imp! Chapter 1775

The crowd outside the Hall of Heaven's pride saw that Yun Chujiu had entered for several hours, but her points were still zero. They could not help but discuss among themselves.

"It's really strange. This hall of Heaven's pride should have started the challenge as soon as she entered. Why doesn't Yun Chujiu have any points at all?"

"Yeah, I'm also puzzled! Although the talisman can't be used inside, Yun Chujiu's spiritual power is so abnormal. How could she not get any points?"

"There must be something wrong. Let's wait and see. We can be sure that Yun chujiu is definitely not eliminated. Otherwise, she would be ejected."

..

Jin Zhi was very anxious. She stretched her neck and kept looking, feng Ming and the other two smiled and said to her, "Jin Zhi, you don't have to worry too much. We are already used to little jiu like this. Whenever she tries this kind of mystic realm, it's always different from others. You just have to wait patiently."

Although Jin Zhi knew that Yun Chujiu was a pervert, she had not known her for long. When she heard Feng Ming say this, she was a little confused, so she said, "Can you tell me about the time when little jiu tried to enter the mystical realm?"

Feng Ming was a talkative person, so he naturally would not decline. He immediately began to babble to Jin Zhi..

After Yun Chujiu finished reading the story book, she found that it was already evening. Yun chujiu walked out of the thatched cottage and looked around, but she did not find any way out or any signs of demonic beasts, it seemed that she was the only living creature here.

Yun chujiu gritted her teeth and took out a stack of sudden cracking talismans and threw them at the gray and hazy place. Loud cracking sounds kept ringing out, but it was of no use. Other than the soil on the ground splashing up a little., there was no change at all.

Yun chujiu had no choice but to let Xiao Heiniaoy and the others take turns to stay up at night and then go to bed.

Nothing actually happened at night. Yun chujiu was depressed!

It seemed that this was not a trial at all. She was trapped!

What should she do?

Should she just wait?

Actually, there was another way. She could kill herself and then be bounced out.

However, Yun Chujiu had a worry. If this small hut actually existed, then if she committed suicide, would she really die?

This guy cherished his life. How could he take such a big risk? Therefore, suicide was absolutely not an option!

“Damn it! Which Bastard did this? I’m here to challenge The Prodigy roll. Who Am I in the way of? He actually trapped me in here! If I know who did it, I’ll kill him!”

Yun chujiu cursed angrily, but it was of no use. There was no reaction at all. Other than Yun Chujiu and the three silly cuties, there was not even an ant here.

Fortunately, Yun Chujiu had sufficient reserves. She would not starve to death, but it was not a problem for her to be trapped like this!

Yun chujiu tried using the small purple needles, the little piglet of spiritual power, the purple lightning, and even used a large kitchen knife to hack a few times, but it did not have any effect.

After a while, Yun Chujiu decided to calm down and clear her mind. No matter how perfect the trap was, there would be flaws. Calm Down, calm down!

Xiao Heiniaos suddenly said, "Master! Master! I found a big flaw!"

Yun chujiu was delighted. "What Flaw?"

"Master, I remember you said that you can't use talismans in the pride of Heaven Palace, but you used a sudden rupture talisman. Isn't that, isn't that contradictory?" Xiao Heiniaos used an idiom in order to show her knowledge, he didn't care whether it was appropriate or not.
