

The Yun Family's Ninth Child is an Imp! Chapter 1779

Yun chujiu could roughly guess from the villagers' mouths that the identity set by the Qi Ling for her should be that of an orphan girl without parents. Moreover, something bad must have happened in the village recently, that was why there was such a scene today.

Yun Chujiu's brain was working rapidly. What should she do?

Plead for mercy?

It was definitely useless. These people had been brainwashed. If they couldn't bear it, they wouldn't be holding torches to burn her to death.

An old man with triangular eyes looked at the sky and said, "It's time, execute!"

Everyone listened to the old man and was about to throw the torches onto the firewood. Yun Chujiu finally thought of an idea and began to laugh wildly.

"Hahaha! hahaha! Burn Me to death! As long as you burn me to death, all of you will be buried with me! Do you know who I am? I Am the Dragon Lady Beside Guanyin Bodhisattva! I am here to experience the tribulation of love in the secular world!

Do you know why my parents are dead? That is because they are not mortals to begin with. After completing their mission, they will naturally return to the heavenly court!

You foolish mortals, Burn Me to death! You have obstructed my love tribulation. You will be reincarnated as cattle and livestock in your next life!

Come On, Burn Me! At worst, I will just find a new place to experience my love tribulation!”

Yun chujiu thought to herself, this is called fighting poison with poison. Aren't you superstitious? I am best at posturing. Today, I will act like a charlatan for you.

The villagers were superstitious. Otherwise, they wouldn't have burned Yun chujiu to death. Now that they heard Yun Chujiu's words, some of them hesitated.

“Village chief, what should we do? This yun chujiu is usually quiet. Why did she suddenly say something like this? could what she said be true?”A middle-aged man asked the old man with triangular eyes. The old man with triangular eyes looked at Yun Chujiu and San Jiaoyan.

Yun chujiu could not help but complain. Damn it, the identity given to her by the Qi ling was also called Yun Chujiu. The Damn Qi Ling must have done it on purpose!

The clothes on the old man were obviously much better than the others. The old man looked at Yun chujiu suspiciously. "Humph! Don't listen to her nonsense! If she was the Dragon Lady, would she be afraid of the Fire? Wouldn't she just rain and put out the fire?"

When the villagers heard the village chief's words, they immediately had no scruples. They shouted that they wanted to burn Yun Chujiu to death. Some of them even prepared to throw the torches in their hands onto the dry wood.

Yun chujiu could not help but curse in her heart. Damn it, this person was much harder to fool than a demonic beast. Could she be burned to death just like that? Although she would not really die, it was too damn embarrassing!

Yun chujiu raised her head by accident. Although it was night, the Moon was big and round tonight, so the scene in the sky was still very clear.

Yun Chujiu's heart suddenly moved, she sneered and said, "You mortals are really stupid! Do you think that we dragons can rain as we please? The rain was ordered by the Jade Emperor. If the timing and place were wrong, then we will be punished by Heaven!"

Hearing Yun Chujiu's words, the villagers felt that it was very reasonable, so their hearts wavered again, the village chief stared at San Jiaoyan and said, "Yun Chujiu, although what you said makes some sense, how can you prove that you are the Dragon Lady? You Can't just say a few words and you are the Dragon Lady, Right?"

Yun chujiu sneered, "Of course I can prove it. There will be a heavy rain tonight, and because you have offended me, there will be a strong wind and maybe even lightning and thunder!"
