

The Yun Family's Ninth Child is an Imp! Chapter 1790

The golden-backed long-necked turtle opened its bloody mouth towards Yun Chujiu, ready to eat her up.

“Aiyo, you little bastard, you really want to do this the hard way! Looks like I have to teach you a lesson! Cute Little Piggy, Attack!”

Yun Chujiu released a little piggy of spiritual power. The little piggy of spiritual power slowly flapped its four short legs. It didn't look like it was going to attack the golden-backed long-necked turtle, but rather, it looked like it was playing.

The golden-backed long-necked turtle pursed its lips. weren't all human spirit beasts very powerful? This human little girl's Spirit Beast was actually a pig? And a Piglet? How could such a weak spirit beast have the nerve to release it?

“A piglet is really too lonely. Come, Little Babies, come out!”

The golden-backed long-necked turtle was dumbfounded when it saw one after another spirit piglets appear in front of its eyes. This spirit piglet was obviously a high-level physical transformation technique. How could this human little girl release so many of them?

Just as the golden-backed long-necked turtle was dumbfounded, all the spirit energy piglets suddenly sped up and rushed toward it.

Although the golden-backed long-necked turtle was shocked, it felt that the piglets' attack power was definitely not that great, so it lazily spat out a few water arrows at the spirit energy piglets. Then, a scene that it would never forget for the rest of its life happened.

Those spiritual energy piglets actually held the water arrows and began to gnaw on them. After gnawing on the water arrows, the spiritual energy piglet's body became even more solid, and its speed became even faster. It rushed towards the golden-backed long-necked turtle.

The golden-backed long-necked turtle was so scared that it quickly hid its head inside its shell. This was its trump card. Its shell was extremely hard. Ordinary Sea Beasts would not be able to bite through its shell.

The little piglet pounced on the shell of the golden-backed long-necked turtle and bit it for a while. As expected, it did not have any effect. When the time was up, the little piglet of spiritual power dissipated.

The golden-backed long-necked turtle was very proud. It stuck its head out again and spat a few water arrows at Yun Chujiu.

Yun chujiu said while dodging, "Little Bastard, do you think that I can't do anything when you hide in the shell? I'm just being soft-hearted. Look at what I'm doing."

Yun chujiu shot several purple lightning bolts at the golden-backed long-necked turtle. The golden-backed long-necked turtle felt that its worldview had been refreshed. What the hell was this?

Although the golden-backed long-necked turtle did not know what was special about the purple lightning bolts, it was afraid that it would be hit again, so it quickly dodged to the side. Unexpectedly, the purple lightning bolts actually turned a corner and chased after it.

The golden-backed long-necked turtle hurriedly shot out water arrows to hit the purple lightning bolts. Although some of them were hit, there were still a few small lightning bolts that escaped the net and swam toward the back of the golden-backed long-necked turtle.

After a few explosions, the golden-backed long-necked turtle rolled in the water in pain.

Yun chujiu hugged her shoulders and sneered, "Little Bastard, have you seen how powerful I am? "I was merciful just now, or else your anus would have exploded completely. If you know what's good for you, then obediently establish a temporary contract with me, or else I will make your anus crippled and wound you all over the ground!"

The golden-backed long-necked turtle rolled its bean-like eyes and hesitated in its heart. Although Yun Chujiu's Purple Lightning was a little strange, the golden-backed long-necked turtle only needed to protect its rear end, and it would not be at a disadvantage for a while.

Yun chujiu smiled and took out a porcelain bottle from her storage ring. "Little Bastard, I won't use you for nothing. As long as you agree to be my temporary mount, I'll give you a bottle of high-quality pills to stop bleeding when the mission is completed. Are you going to do this deal or not?"
