

The Yun Family's Ninth Child is an Imp! Chapter 1792

Yun chujiu saw that the giant-toothed gray walrus did not have any reaction and continued to say, "Little Bucktooth, we are going to do something big! Sabre-toothed Savage Whale, you know about it, right? I heard that it often bullies high-level sea beasts like you. Are you willing to be bullied by it?"

The giant-toothed Gray Walrus recalled that it had been chased and killed by the sabre-toothed savage whale several times, and its eyes could not help but flash with resentment.

After Yun Chujiu caught a glimpse of it, she felt a little more confident, then, she said, "As you can see, the little bastard has already cooperated with me. In the future, after killing the saber-toothed wild whale, I will be the Queen of the sea, and it will be prime minister turtle. If you cooperate with us, I will make you a walrus general. What do you think?"

Although the giant-toothed gray elephant thought that the walrus general sounded rather awe-inspiring, when it thought of killing the saber-toothed wild whale, it felt that it was simply courting death, so it did not express its opinion.

"Little Bucktooth, do you think that we are striking a rock with an egg? Wrong! It's a big mistake! Although the three of us might not be able to kill it, I will continue to recruit troops. I don't believe that we, a few dozen high-level sea beasts, won't be able to kill it?"

As long as we kill it, not only will you be able to share its meat, but its inner core will also be equally divided. When that time comes, your spiritual power will definitely have a leap!

Besides, don't you want to add glory to your walrus clan? Walrus general, how awe-inspiring is this title? At that time, as long as you are in this sea area, you will be below one person, above all beasts. How Awesome!

Right, as long as you kill that saber-toothed wild whale, I will reward you with a bottle of medicine to stop bleeding! The effect is awesome. If you don't believe me, you can ask my prime minister turtle. It has just eaten it."Yun Chujiu revealed a wolf grandmother's smile and said with a smile.

When the giant-toothed gray elephant heard this, it indeed looked at the golden-backed long-necked turtle. The shell of the golden-backed long-necked turtle almost turned red from embarrassment. Little Fairy, is it really good for you to expose his privacy like this? !

The giant-toothed gray elephant was completely fooled by Yun Chujiu's 360-degree trick. In a daze, it established a spiritual connection with Yun Chujiu. By the time it reacted, it had already established a temporary contract with Yun Chujiu.

"Very good. Now I have a Prime Minister Turtle and a walrus general. Let's keep up the good work and take in another 36 protectors. Then we can launch a General Attack!" "Let's Go!"Yun Chujiu said valiantly as she sat on the turtle shell.

The newly-appointed Prime Minister Turtle and Walrus General were also on steroids. They thought of a beautiful blueprint and willingly followed Yun Chujiu to start the trick journey.

In the next two days, Yun Chujiu's recruitment went very smoothly.

If she could deceive, she would deceive. If she could not deceive, she would directly convince. Yun chujiu quickly gathered thirty-six protectors.

This guy was playing tricks. He took out the big red cloth from his storage ring and used yellow silk threads to embroider a few crooked words, "Little Nine Sea Beast Army!"

Yun chujiu waved the freshly-made military flag. "Little Ones, follow me! Our chance to dominate the sea is here!"

The pure (simple) sea beasts were all excited. They followed Yun chujiu and marched toward the nest of the saber-toothed wild whale.

The nest of the saber-toothed wild whale was behind a coral reef. The reason why the saber-toothed wild whale chose that place as its nest was because there was a small fish with a sharp beak that could help the saber-toothed wild whale clean up the residue in its teeth.

Yun chujiu could not help but complain. This saber-toothed whale was quite particular about oral hygiene!
