

The Yun Family's Ninth Child is an Imp! Chapter 1799

In the afternoon, the golden-winged Vermillion Beak Eagle went out to hunt again. Yun chujiu was holding a needle in her hand, she said with a sinister smile, "Little Thing, do you know how to describe your current state? It's all about you. hahaha!"

Small eagle was so angry that all its fur stood up. It really didn't understand why its mother didn't believe it and instead trusted this sinister human? !

"Little Thing, are you very confused? Why did your mother choose to believe me and not you? It's very simple, because I can tell at a glance that you are a good person, and you can tell at a glance that you are not a good person! Hahaha!"The black-hearted Yun Chujiu felt that it was too fun to make small eagle jump around in anger.

Small eagle was indeed jumping around in anger, but it did not dare to move forward anymore. It knew that it could not beat Yun Chujiu.

"Little Thing, I was lying to your mother. I fed you poison. Don't you feel a slight pain in your stomach? "To tell you the truth, my poison is slow-acting. It only hurts a little at the beginning, and then it will become more painful. In the end, your intestines will rot, but it can not be seen from the outside."Yun chujiu smiled like a little devil again.

Hearing Yun Chujiu's words, small eagle indeed felt a faint pain in its stomach. When it thought of how Yun Chujiu said that its intestines would rot in the end, it immediately cried out in fear.

"Little Thing, the only one who can save you now is me. If you don't believe me, you can tell your mother. Your Mother will definitely think that you are lying. If you don't believe me, you can try."Yun chujiu hugged her shoulders, she shook her calves and said proudly.

Small Eagle felt that it was most likely the most unlucky small eagle. Why did the baby meet such a bastard? Why did the baby's mother not believe the baby? Wu Wu, the baby was going to be poisoned to death!

When the golden-winged vermillion-beaked eagle returned, small eagle threw itself into its arms and cried, "Mother, mother, that insidious human fed the baby poison. The baby's stomach hurts! In the end, the baby's intestines will rot!"

The golden-winged vermillion-beaked eagle examined the small eagle. Although demonic beasts did not have the medical skills of humans, it was still possible to tell if they were poisoned. This was because after being poisoned, their eyes, tongue, and skin would change color.

After the golden-winged vermillion-beaked Eagle finished its examination.., a wing landed on the small eagle's body again. "You Useless Thing! Your father died early. Is it easy for mother to raise you? You are actually so unambitious! You actually slandered your husband because you don't want to learn anything. This is really infuriating!"

Small Eagle saw that the golden-winged vermillion-beaked eagle was so angry and didn't dare to say anything more. However, it felt that its stomach hurt even more. It felt that the entire eagle's life was hopeless.

The next day, when the golden-winged vermillion-beaked eagle went out to hunt again, sinister little nine came online again.

"Little Thing, did you see that? Your mother wouldn't believe you. Actually, it's not that your mother doesn't love you, nor is it that you're too stupid. It's mainly because I'm too smart! Too Sinister! Hahaha!" This fellow was probably the only one who would use sinister as a compliment.

Small Eagle drooped its head and did not say a word. It knew that it was not Yun Chujiu's match at all.

"Little Thing, if you don't want to rot your intestines, then follow what I've taught you. Otherwise, aiyo, when the time comes, you'll be miserable."

Small eagle was just a newborn baby bird. Immediately, its psychological defense broke down. It kept wailing. It was really sad to hear it, but it would cry!

Yun chujiu took out a spirit fruit from her storage ring and stuffed it into the small eagle's mouth. The small eagle was instantly mesmerized by the sweet taste.
