

The Yun Family's Ninth Child is an Imp! Chapter 1810

"Prince Charming! Kill this bastard! I support you spiritually!" Yun chujie panted as she cheered for di beiming.

Di beiming raised his eyebrows slightly. "Alright!"

Although fan Zhen was a little surprised by di Beiming's arrival, he did not take di beiming seriously.

However, when he realized that di Beiming's ice dragon was actually gaining the upper hand, he could not help but be shocked. There was actually such a strong person in the Tian Yuan continent?

Didn't they say that the Tian Yuan continent was only a low-level continent? Why was that wretched girl so perverted? Was this young man so powerful?

Fan Zhen only then noticed that di beiming actually had an ice spirit root. This could also explain why di beiming's cultivation base was only at the eighth level of the spiritual venerable realm, but he was on par with him.

Di beiming and fan Zhen fought intensely. Fan Zhen had already used up a lot of spirit energy previously, but di beiming was full of spirit energy, so di beiming gradually gained the upper hand.

At this time, Yun Chujiu, this pervert, quickly recovered her strength with the help of Guai Cao. She screamed and rushed up again.

Although this guy's spiritual power was not high, his mouth was sharp. He kept saying, "B * stard, what is the point of a scumbag like you living? ! If I Were you, I would have smashed myself to death with tofu! And you still live with your face licked? You Are Really Shameless!"

"What kind of person uses what kind of spiritual beast! My Prince Charming uses an awe-inspiring ice dragon, and you, you actually use a little loach, how embarrassing!"

Fan Zhen was really angry and said angrily: "Stupid Girl! My spiritual beast is a giant python! Besides, your spiritual beast is a pig, it's even more useless!"

"Tch! What do you know? I'm pretending to be a pig to eat a tiger! Besides, what's wrong with being a pig? I'll sleep after eating, I'm so free! I wish I was a pig! Look! Your men are coming out of the Tower!"

Fan Zhen subconsciously looked in the direction of the trial tower. At the same time, Xiao Heiniaio cursed!

Fan Zhen staggered. In addition, his eyes were looking in the direction of the trial tower, so he gave di beiming a great opportunity to sneak attack.

Di Beiming naturally would not let go of such an opportunity. He struck his palm towards fan Zhen's front heart.

Fan Zhen knew that he had been tricked when he heard the sound of the wind. However, he staggered and it was too late for him to completely dodge di Beiming's attack. He could only use all his strength to leap to the side.

Although fan Zhen had dodged the fatal blow, he was still swept by di Beiming's palm wind. He could not help but stagger again. Then, he was unlucky!

Yun chujiu loved it the most. She was good at backstabbing. She had already calculated the timing and location. Just as Fan Zhen was about to stagger again, Yun Chujiu's little purple needle and the sudden rupture talisman arrived at the same time!

Fan Zhen only saw the sudden rupture talisman but did not see the little purple needle mixed in it. So he was in deep trouble!

A little purple needle was shot at his left eye. Along with the sound of explosion, Fan Zhen let out a shrill scream, "My eye!"

Just as Fan Zhen was screaming in pain, Yun Chujiu threw a few more stacks of broken talismans at him. Di Beiming's ice dragon also pounced on him ferociously.

No matter how high fan Zhen's spiritual power was, he was not a match for di beiming and Little Jiu when his left eye was injured. After fifteen minutes, Fan Zhen was dead!

Yun chujiu hurriedly put away the five puppets and fan Zhen's bodies, then followed di beiming to the battlefield.

The battle ahead was going on intensely. An Feng did not bring many dark guards with him, and the remaining seven people had high spiritual power. An Feng and the others were obviously at a disadvantage.
