

The Yun Family's Ninth Child is an Imp! Chapter 1812

Although Xue Wuji was a chuunibyou, he was very smart. He immediately understood what Yun chujiu meant. After getting rid of his opponent with a feint, he joined hands with di beiming to deal with the same black-clothed man.

The black-clothed man was about to go forward to rescue him, but Yun Chujiu stopped him.

“Dregs, let’s exchange a few moves!”Yun Chujiu said with a smile.

The black-clothed man snorted coldly. “There are too many people here. You Can’t use the sudden rupture talisman at all. Your defensive spirit tool has been used up. What other Trump Cards do you have? You’re courting death!”

“It’s not certain who’s courting death. Tremble, Dregs!”Yun chujiu threw several small purple needles at the black-clothed man.

After the black-clothed man easily dodged, he threw a palm at Yun Chujiu. The two of them tangled together.

Yun chujiu was naturally no match for the man in black, but this guy had helpers!

The three little ones that had not displayed their skills for a long time were released, especially the Xiao Heiniao. This guy had been waiting for a chance to prove himself!

Damn it, it seemed like it did not help its master at all except for curses. That was because the places where its black-hearted master went were often prohibited from flying. This time, it was finally time for it to show its skills! Let its fans see that this young master has some skills!

Xiao Heiniao flew into the air and threw a big fireball at the black-clothed man!

The black-clothed man quickly dodged to the side, and the four-tailed Xiao Hong Red fox fireball arrived again! Just as the black-clothed man was about to dodge, a hole appeared under his feet, and one of his feet was stuck in it.

Just as the black-clothed man pulled his foot out, Yun Chujiu's purple needle and spiritual piglet arrived again!

Although the three silly cuties and Yun Chujiu's spirit energy were not high, they could not withstand the three strikes from the air, the ground, and the ground! The black-robed man was flustered and agitated.

Yun Chujiu's goal was to stall this black-robed man. As long as Di Beiming and Xue Wuji finished one, she would come over to help. Therefore, this guy was very confident.

As expected, the combined might of di beiming and Xue Wuji was quite powerful. Very quickly, they killed a black-robed man. Immediately, they came over to help Yun chujiu deal with this black-robed man.

The black-robed man did not have an easy time dealing with Yun chujiu and the three dumb beasts. The moment di beiming and Xue Wuji joined in, they immediately fell into a disadvantageous position.

Very quickly, this black-robed man was also killed by Yun Chujiu and the others. The situation was completely reversed and the Tianyuan Academy had the absolute advantage.

Two hours later, only two black robed men were left. The remaining five black robed men had all died.

The two black robed men knew that the situation was over and they wanted to escape. Yun chujiu knew that they had to eradicate the roots of the problem. Once they escaped, it might bring even greater disaster to the Tianyuan Academy.

Hence, Yun Chujiu gave di beiming and the others a look. Everyone surrounded the two of them, not giving them any chance to escape.

After another round of fighting, the remaining two men in black were finally killed by the crowd.

Everyone heaved a sigh of relief. However, looking at the injured people everywhere, their hearts were extremely heavy. They knew that the sky was about to change!

The spiritual power of the men in black who came this time was almost at the peak of the ninth level of the spiritual venerable realm. Just 21 of them almost destroyed the Tianyuan Academy.

If more people came in the future, not to mention the Tian Yuan Academy, even the Tian Yuan continent would be hard to protect.

However, now was not the time to think about these things. It was more important to treat the injured and deal with the aftermath.

It was easy to deal with the injured with superficial injuries, but it was very difficult to deal with the students whose dantian had been shattered. If their Dantian was destroyed, they could not cultivate, and their lives could be considered wasted.

The dried old man was already seriously injured, and coupled with his guilt, he directly spat out a mouthful of blood and fainted.
