

The Yun Family's Ninth Child is an Imp! Chapter 1818

Although those black-robed men had superb spiritual powers, the weapon spirit of the trial tower was too profound. These people had died countless times in there. Not to mention the ninth floor, even the seventh floor was impossible for them to pass through. Qi Ling and Yun Chujiu were the only ones who could pass through the seventh floor.

The weapon spirit finally found a long-lost confidence in these people. It seemed that other than that pervert Yun Chujiu, the others were still unable to defeat this weapon spirit.

A black-clothed person was released by the trial tower's Qi Ling. That person was beaten up by Yun Chujiu and the others with a dumbfounded expression!

At first, that person thought that he was still in the trial tower. By the time he reacted, he was already beaten up to the point that he was on his last breath.

After Yun chujiu killed the black-clothed person with a rolling pin, she continued to let people out from the trial tower..

After repeating this over and over again, the trial tower released one person after another until the last black-clothed man was released.

After everyone beat the black-clothed man half to death, they restrained his spiritual energy. Yun chujiu held the large kitchen knife used to extract confessions and said with a smile, "Speak, who are you people? Did you come to the Tian Yuan continent just to seek revenge?"

The black-clothed man snorted coldly and did not speak.

Yun chujiu directly cut his face and then took out a handful of chili flour from her storage ring and sprinkled it on him.

Everyone could not help but feel a chill on their backs. This little pervert was becoming more and more perverted. We must not offend her!

The black robed man screamed miserably. Yun chujiu poured a basin of clear water on his face and said, "Are you going to tell me or not? If you are not going to tell me, I can add some salt to you. Of course, if you like sweet and sour, I can also add some sweet and sour for you!"

The man in black almost fainted from anger! Although he wanted to hold on, he thought that Fan Zhen was already dead. Why would he have to suffer? Hence, he was terrified.

According to what the man in black said, they were all from the immortal Yuan continent. He was just a guard of fan Zhen's family, so he was only following orders. As for the grudge between Fan Zhen and the

dried-up old man, he knew very little, he only knew that Fan Zhen had been searching for the dried-up old man's whereabouts.

When Yun Chujiu heard about the immortal Yuan continent, her heart was moved. "You are from the Immortal Yuan continent? Then do you know the Chaos Origin sect and the killing origin sect?"

The Man in black quickly said, "The chaos origin sect and the killing origin sect are the two famous super sects in the immortal Yuan continent. However, these two sects are in the eastern continent, where the spiritual energy is rich. We are all from the western continent."

The immortal origin continent was divided into the eastern and western continents. The spiritual energy in the eastern continent was much richer than that in the western continent. The western continent was lower than the eastern continent in all aspects. Therefore, the people of the western continent did not have much of a say in the Tian Yuan continent.

Hearing the black-clothed man's words, everyone could only sigh. There was really someone better than them. These people from the western continent were super experts in the Tian Yuan continent. They did not expect that they were at the lowest level of existence in the Tian Yuan continent.

Yun chujiu asked a few more questions and in the end, there was nothing more to ask. She directly used a large kitchen knife to kill the black-robed man.

After some discussion, everyone basically agreed with di Beiming's opinion. It seemed that this was just a revenge. Since fan Zhen was already dead, there shouldn't be anyone from the immortal Yuan continent who would come looking for trouble.

Everyone heaved a sigh of relief in their hearts. It just so happened that the holidays of the Tian Yuan Academy were about to arrive. Yun Chujiu decided to shamelessly ask Dean Huangfu to approve her leave in advance. This fellow decided to go to the Netherworld continent with di beiming to meet her foster parents, after that, she would return to the Azure mystic continent to show off. Ah, visiting relatives.

Jin Zhi might as well follow Yun chujiu back to the Netherworld continent. In any case, she was only an exchange student. Dean Huangfu could only turn a blind eye to it.
