

The Yun Family's Ninth Child is an Imp! Chapter 1819

The journey was very smooth. The SAINTESS and Yun Zhangqing were very happy to see Yun Chujiu. They immediately decided to set off for Qing Xuan Continent. Sheng NV and Yun chujiu were very happy to see Yun Chujiu.

Jin Zhi was also very restless. She shamelessly followed them.

Yun chujiu was very happy. The two little girls stuck together all day long. They were chattering happily.

Besides the two of them, there was another person who was very happy. That was the all-rounded dark guard — an Feng.

Di beiming glanced at an Feng and frowned. He felt that an Feng had been acting a little strange recently, and there was always a strange expression on his face. Di beiming thought for a few days and finally thought of an adjective, rippling!

However, di beiming was not in the mood to interrogate an Feng right now. He was busy trying to gain a good impression of Sheng NV and Yun Zhangqing every day.

Yun Zhangqing was a little better off. He saw that di beiming had a dignified appearance and a high level of spiritual power. Moreover, he treated Yun chujiu very well, so he did not have any objections.

The SAINTESS was different. She always remembered how the Lady of the Sheng nv made things difficult for Yun Chujiu, so she was a little dissatisfied with di beiming.

Therefore, Yun Chujiu and Jin Zhi were having fun. An Feng was secretly laughing while di beiming was trying his best to please his mother-in-law.

When they entered the Qing Xuan Continent, the Holy Maiden and Jin Zhi's spiritual power had already degraded to the level of Sheng NV. Di beiming and the others' spiritual power had also decreased to different degrees.

However, even if di beiming and the others' spiritual power had decreased, they were still top-notch existences in the Qing Xuan continent. Moreover, Yun Chujiu had already made other arrangements.

As soon as they arrived outside the Linghua city, they saw many people waiting for them!

"Welcome, Little Ancestor Yun!"

"Welcome, sect leader!"

“Welcome, Little Fairy Jiu!”

..

At this moment, Yun Chujiu wished she could sing a song to express her smug feelings. Damn it, the serf that she had been a serf for so many years had finally turned around and started singing!

This fellow pretended to nod at everyone. “All of you are very good. This fairy is very satisfied! After this fairy returns home to visit my grandfather, I will look for all of you to catch up on old times! Oh right, long time no see. Did you guys prepare a lot of good things for me?”

When everyone saw that Yun Chujiu was still so shameless, they immediately felt very familiar with her. After greeting her, they watched Yun Chujiu enter Linghua city.

“Father, mother, did you see that? Little Jiu, I am very impressive!”

“Beauty Jin Zhi, did you see that? Did you look down on me back then? Now that you are so weak, you still need me to protect you!”

“Male god, do you still remember? When we first met, I was still a trash who couldn’t cultivate! Did you think that I would be so awesome today?”

“Little Madman, do you still remember that when we were chased by those people from the Heaven sect, we were in a very sorry state? Now who dares to Touch Fairy Me? I’ll kill him!”

..

The corners of everyone’s eyes twitched violently. Little Jiu, you can show off, but you have to have a limit, right? Aren’t you going a little too far by showing off like this?

Everyone soon arrived at the Yun mansion. Yun Chujiu had already sent a message to Yun Xiaotian, and it was a gradual one at that. She was just afraid that the old man would be too surprised and something might go wrong.

The people of the Yun mansion were waiting outside the gate. Originally, Yun Xiaotian was an elder, so he did not need to come out. However, the old man was too excited, so he ignored everyone’s advice and waited at the gate.

Yun Zhangqing’s tiger-like eyes were filled with tears. He knelt in front of Yun Xiaotian and said, “Father, the unfilial son is back!”

Yun Xiaotian was also in tears. "It's good that he's back, it's good that he's Back!"

Sheng nv also knelt down and bowed. In an instant, everyone burst into tears.

"Ahem! Ahem! Why are you crying over such a happy occasion? ! Grandfather, Little Jiu, I haven't had lunch yet. Can you give me some food before you cry?" Yun Chujiu was afraid that Yun Xiaotian would cry, so she could only joke around with a smile.
