

The Yun Family's Ninth Child is an Imp! Chapter 182

Little Black was so angry that its feathers were about to explode!

'Master! No one can trick as well as you!

It had to act like it knew how to use chopsticks? Could it even do that?!

Yun Chujiu quickly smoothed her feathers and said in her mind, 'Little Black, as long as you do well, I'll give you an extra meal for dinner.'

Little Black reluctantly flew to the top of the stone table and used its two claws to grab a chopstick. With great difficulty, it picked up a salted vegetable and placed it into the bowl.

Feng Ming cried out in surprise. "Junior Sister Little Jiu, this Little Black is really amazing. He can actually use chopsticks!"

Yun Chujiu chuckled, "That's right. Why don't you take a look at who raised him!"

"Junior Sister Little Jiu, didn't you say a few days ago that you wanted me to help you inquire about the price of the alchemy furnace? I've helped you ask. The cheapest one is at least a thousand low-grade Spirit Stones."

"What? So expensive?! That is simply daylight robbery!" Yun Chujiu was so angry that she kept snorting.

"Junior Sister Little Jiu, if you don't want to buy it, you can also go to the alchemy room to rent the alchemy room to use. It only costs five low-grade Spirit Stones a day! Moreover, the alchemy room has earth fire, so you don't have to spend on fire stones."

“Five Spirit Stones is also a lot! Sigh, I’m really poor now!” Yun Chujiu sighed.

“Junior Sister Little Jiu, let me say something. Don’t be unhappy! You don’t have any spirit energy at all. How can you refine pills? Isn’t it a waste for you to buy an alchemy furnace?!” Feng Ming said disapprovingly.

“I’ll have spirit energy sooner or later. I’ll prepare for it first!” Yun Chujiu laughed and did not explain anymore.

“Junior Sister Little Jiu, the Spirit Beast Garden has recently hatched a lot of small spirit beasts. Many female disciples have gone to see them! I’ll bring you there to see them someday!” Feng Ming felt that he had touched Yun Chujiu’s sore spot, so he changed the topic.

“Really? That’s great! I’ll definitely go there another day!” Yun Chujiu said happily. In fact, she was not really interested. She was just giving Feng Ming a way out.

The two of them chatted for a while more, and then Feng Ming left.

After Yun Chujiu sent Feng Ming off, she hopped into the courtyard and saw Di Beiming staring at her with a gloomy face. To describe it in Yun Chujiu’s words, it was like staring at a dead fish with a donkey’s face. He was having a fit!

“This grand disciple of yours is quite filial! He helped you inquire about the alchemy furnace and wants to bring you to see the little spirit beasts!” Di Beiming’s words were so sour that even the stupid rolling pin could hear it.

Yun Chujiu bared her little white teeth. “Prince Charming, there’s nothing I can do about it. In the Spirit Radiance Sect, other than Senior Brother Bird, I don’t know anyone else!”

“Hmph! It’s just an alchemy furnace! An Yin, go back and bring the Heaven and Earth Universal furnace from the storeroom for Black Thing!” Di Beiming snorted coldly.

An Yin was stunned. He thought to himself, the Old Lord had specifically instructed that the furnace could not be given away so easily. How could the Lord give it to the tan girl so easily?

However, An Yin did not dare to question Di Beiming’s decision. He agreed and turned around to leave.

Yun Chujiu’s eyes lit up. “My Prince Charming, you’re so rich! Please give me some more spiritual stones! I’m so poor!”

Di Beiming obviously enjoyed Yun Chujiu’s appearance. He took out a bunch of shiny spiritual stones from his storage ring.

Yun Chujiu was stunned. “My Prince Charming, why are your spiritual stones different from fourth brother’s?”

“Stupid! These are all high-grade Spirit Stones, of course they’re different from your lower-grade Spirit Stones! Don’t you want them?” Di Beiming rolled his eyes arrogantly.

Yun Chujiu was afraid that Di Beiming would go back on his words, so she quickly put the Spirit Stones into her storage ring and said shamelessly, “Yes! Yes! Of course I want them! However, it’s not convenient to spend these high-grade Spirit Stones, can you give me some lower-grade Spirit Stones?”
