

## The Yun Family's Ninth Child is an Imp! Chapter 1823

The veins on di beiming's forehead were popping up. If it wasn't for Yun Chujiu's continuous expression, he would have been unable to suppress the anger in his heart!

How was this acknowledging family? It was clearly snatching people away!

"Manager Xia, this good news really caught me off guard. Can You Let Me Pack My Things First?" Yun chujiu was still smiling.

Manager Xia's eyes flashed with a hint of disdain. She was certain that Yun chujiu was so vain that she would definitely agree to follow her back to the Mo family, therefore, she nodded. "Alright, then I'll wait outside. However, miss, although your adoptive parents are safe and sound now, it's hard to say in another four hours."

After saying that, manager Xia arrogantly left with the two handmaidens.

Di beiming's face was gloomy. "Little Jiu, you can't go with them!"

"Little Jiu girl! You Can't be stupid! Even if you really are that Mo Residence's young miss, you can tell from this old woman's attitude that they definitely have bad intentions when they look for you!" The palace master's wife said anxiously from the side.

Jin Zhi was even more direct. “Little Jiu, didn’t that old woman already say it? Your mother is already dead. As the saying goes, if you have a stepmother, you’ll have a stepfather. Your father will definitely not side with you. You’re just looking for trouble if you go back!”

Yun chujiu sighed. “How can I not know what you are saying? But you have also heard it. My foster parents are in their hands. If I don’t go back with them, their lives will be in danger.

Moreover, there are still dozens of people outside. Their spiritual powers are not weaker than fan Zhen and the others. Can We beat them? Taking a step back, even if we can kill these people, Will the Mo residence let it go?

“Once they really go all out, not to mention the temple of Immortals, even if all the experts of the Tianyuan continent were to gather together, they would not be a match for them.”

Di Beiming’s eyes were bloodshot, he held Yun Chujiu’s hand tightly. “No matter what the reason is, you can not go with them! If they really want to acknowledge us as family, I will definitely not stop you. However, they clearly have bad intentions. If you go, you will be entering a dragon’s Den and a tiger’s Den!”

“Prince Charming, calm down! Do you think we have any other choice? Even if we can escape, what about my adoptive parents?”

Since they have already found my adoptive parents, they naturally know about my grandfather and the others. Can they defeat these people? Although I'm not a good person, I can't harm my family and friends just because of myself!

Prince Charming, I believe in you. As long as I give you some time, you will definitely be strong enough to save me! You must also believe in me and bring me back to their Mo residence. Who knows, someone might be unlucky!

I can go from being a trash who can not cultivate to becoming a heaven's favorite in the Tian Yuan continent. Naturally, I can also become the overlord of the Immortal Yuan continent!

Besides, Prince Charming, have you forgotten? "Other than the old man, I still have two masters. If I really can't do it, I will use this identity to save my life."

Yun Chujiu's expression was extremely serious. She saw that di beiming had calmed down a little, then, she said, "Prince Charming, after I leave, you must protect yourself like Jade! Don't be seduced by that little fairy, or I will kill you and that Little Fairy!"

Everyone's heart was extremely heavy, but after hearing Yun Chujiu's words, they were a little speechless.

“Little Jiu, don’t worry. I, Di beiming, will not marry anyone other than you. If I violate this oath, the heavens will strike and I will die a horrible death!”Di beiming said slowly, word by word.
