

The Yun Family's Ninth Child is an Imp! Chapter 1826

Manager Xia snorted coldly, thinking that this country bumpkin's skin was really thick. He hadn't even acknowledged his ancestors yet, and he was already thinking about the Mo family's heirloom!

HMPH, he didn't even consider his own weight, you really dare to say it! The Mo family's heirloom would be given to you? ! Even if he really gave it to you, he would give it to second miss, Alright? ! Moreover, the head of the family heirloom did not have the final say!

Manager Xia handed Yun chujiu a few waterproof beads. "Eldest miss, you just have to follow behind me. You Don't have to worry about the rest."

Yun chujiu took the waterproof beads and nodded with a timid look.

The contempt in manager Xia's heart grew even more. In her heart, Yun Chujiu was completely a cowardly and vain country bumpkin.

Everyone jumped into the sea, and Yun Chujiu was surrounded by everyone. On one hand, it was to protect her, and on the other hand, it was to monitor her.

After swimming for almost an hour, Yun chujiu saw a huge whirlpool in front of her. There were no sea beasts around, not even seaweed. It was obvious that this whirlpool was very dangerous.

At this time, manager Xia took out a small bell from her storage ring. Yun chujiu could not help but wonder, what was this small bell used for?

Manager Xia's hands continuously formed seals, and the small bell grew bigger and bigger. Only then did Yun chujiu realize that this was not a small bell at all, but a big bell.

Manager Xia pointed at the Big Bell with her hand, gesturing for Yun Chujiu to follow her.

Although Yun Chujiu was puzzled, she still followed manager Xia into the Big Bell. Only then did she realize that there were some chains hanging down inside the big bell.

Manager Xia gestured for Yun Chujiu to pull one of the chains. Only then did Yun Chujiu realize that this was how the big bell was used. It was really strange.

Manager Xia tied a rope around Yun chujiu's waist and tied it to the other chain. Apparently, he was afraid that Yun Chujiu's spiritual power would not be able to pull the chain.

Yun chujiu cherished her life the most. Naturally, she would not object. She wished that she could tie a few more chains!

The Big Bell was very huge. Almost thirty people came in, but it was not crowded at all.

After manager Xia formed another seal, she quickly grabbed the iron chain, and the Big Bell rushed into the whirlpool.

Yun chujia found that the big bell was good everywhere, but there was a fatal flaw. The sound of the water hitting the bell was too loud! It was so loud that her ears were buzzing!

After almost four hours, the sound of the water gradually became softer. Yun chujia knew that they were about to pass through the whirlpool.

This guy was slightly relieved. The situation of this barrier was indeed similar to what the pretty boy had said. If they were not forced to, the people of the immortal Yuan continent would not take the risk to go to the Tian Yuan continent. If they were not careful, their lives would be at stake.

Manager Xia was the first to release the iron chain, and everyone else also released the iron chain in their hands. The two maids also untied the rope around Yun chujia's waist.

After manager Xia formed a seal, she put away the big bell. After everyone emerged from the water, manager Xia called out another big ship, and everyone jumped onto the big ship one after another.

Yun chujia pondered in her heart. She reckoned that this sea area was forbidden from flying. Otherwise, using a flying spirit tool would be much faster than taking a ship.

Yun chujia felt that the spiritual energy here was indeed much denser than in the Tianyuan continent. She reckoned that the spiritual energy would become denser on land. No wonder the people here had such superb spiritual energy.

The group sailed on the sea for half a month. They even met some sea beasts in the middle. They were all species that Yun chujia had never seen before. One look and one could tell that their spiritual energy level was very high.

These sea beasts were very fierce. Manager Xia and the others lost almost half of their men before they managed to escape.
