

The Yun Family's Ninth Child is an Imp! Chapter 1830

"Manager Xia, What Are You Waiting For? Pay Up! Don't tell me you want me to pay up? ! Manager, ask her for money. I'll go to other shops." Yun chujie put her clothes into her storage ring and hopped out.

Manager Xia..

The manager of the Satin Shop..

The onlookers..

Oh My God! There was such a shameless person in this world? !

You gave a gift to others, but you didn't pay for it yourself? What kind of gift was this?

The manager of the Satin Shop was the first to wake up. He was afraid that manager Xia would run away, so he blocked the door and said, "Manager Xia, the eldest daughter of the Mo family said that you should pay for it. In that case, please go ahead!"

Manager Xia's heart was like a dog that was bickering. However, under the watchful eyes of everyone, she couldn't go back on her word. Thus, she could only use her savings to pay the bill.

Manager Xia had just finished paying the bill with her heart aching, she saw a fatty running over hurriedly. “Manager Xia, the eldest daughter of the Mo family has just bought ten sets of jewelry in our jewelry shop. A total of five million high-grade spirit stones. Eldest daughter of the Mo family said that she is looking for you to take the money.”

Manager Xia’s head buzzed. The 3,080,000 spirit stones just now had already been the majority of her savings. How could she still have five million to pay the bill? !

However, she couldn’t possibly not pay the bill. Manager Xia gritted her teeth and could only say, “Manager, I’ll give you my identity jade token. Wait until i return to the Mo residence to take the money, then I’ll redeem my identity jade token.”

The chubby manager’s small eyes rolled around. Since the Mo residence was so big, it wouldn’t go back on its word. Thus, he smiled and said, “Since you have manager Xia’s token, it’s naturally fine. Then, I’ll wait for you to redeem it with Spirit Stones.”

Just as the chubby manager finished speaking.., another old man ran over. “Manager Xia, manager Xia, the eldest miss of your mo residence just bought fifteen high-grade spirit tools and one low-grade immortal tool from our equipment store. It’s a total of eight million high-grade spirit stones. Eldest miss mo said she’s looking for you to collect the money.”

Just as the old man finished speaking., another middle-aged woman ran over. “Manager Xia, the eldest daughter of your mo residence just bought two hundred talismans from our grocery store. It’s a total of five million high-grade spirit stones. Eldest daughter Mo said that she’s looking for you to take the money.”

Manager Xia almost collapsed to the ground. She couldn’t be bothered with these people. She shouted at the secret guards, “What are you all standing there for? ! Hurry up and get that dirt back, eldest daughter!”

Manager Xia felt that if this continued, this country bumpkin would destroy all of Mo Mansion’s assets!

“Manager Xia, you’re looking for me? Perfect, I just bought a bunch of food and haven’t paid for it yet. You can pay for it too!” Yun chujiu held a spirit fruit in her hand and munched happily.

Manager Xia was so angry that she almost passed out. It took her a long time to recover, she squeezed out a few words from between her teeth, “Miss, if you want to give gifts to the masters, one or two will be enough. Please return the extra items!”

Yun chujiu said unhappily, “Manager Xia, what are you talking about? ! The more gifts you give, the better. Only then can it represent my sincerity ! Moreover, this sum is only about 20 million. I have already saved so much that I can not save any more. Our Mo residence is a big business, how can we still lack the spiritual stones that I spent?”

Manager Xia was so angry that she was trembling. You really dare to say that! Just around 20 million? No matter how rich the Mo residence was, they wouldn't spend it in such a manner. Moreover, what right did a country bumpkin like you have to spend so much money?
