

The Yun Family's Ninth Child is an Imp! Chapter 1831

"Eldest miss, although your intentions are good, our Mo residence has always been thrifty. It's not good for you to spend so much. It's better to return some of it."

Manager Xia could not care less about losing face. In short, she had to return the item first. Otherwise, Mrs. Luo would skin her alive if she returned!

"Once the goods are sold, there is no reason to return them. Don't you agree?" Yun chujie turned around and asked the few shopkeepers.

The few shopkeepers would not be able to meet such a big customer in a year. Naturally, they were not willing to let such a big customer go, all of them agreed, "That's right. If this thing is sold, how can it be returned? If it's like this, we don't have to do this business anymore!"

"Manager Xia, your mo residence is so big and rich, yet you still lack so little money? Could it really be like what miss mo said, when you brought her back, you were torturing her?"

..

Manager Xia was ridiculed by everyone until her face turned red and her ears turned red. She weighed the pros and cons in her heart, she gritted her teeth, "Alright, since Miss Mo has already bought the thing, our Mo residence will naturally not default on the debt. After i return to the Mo residence, I will definitely send someone over to deliver the money to everyone."

Yun Chujiu said leisurely from the side, “Manager Xia, there’s no proof of that. What if you’re cheating? You’d better give them an IOU!”

Manager Xia was so angry that she was twitching. She gave them an IOU? Did she buy the items? Why did she have to give them an IOU?

Those shopkeepers did not care whether the items were bought by Yun Chujiu or not. As long as someone gave them an IOU, it would be fine. Moreover, in their opinion, manager Xia was more secure than Yun Chujiu, the eldest miss of the Mo family who had just arrived.

Manager Xia had no choice but to grit her teeth and write an IOU for everyone.

“Manager Xia, and this snack shop, I owe 50,000 high-grade spirit stones. This is a small business, so don’t write an IOU, just pay!” Yun Chujiu said with a smile.

Manager Xia was so angry that she almost fainted!

What?

Buying a snack can cost 50,000 high-grade spirit stones? ! Did you just round up the things in the shop? !

Manager Xia gritted her teeth and paid the 50,000 spirit stones. With a stiff face, she said to Yun chujiu, “Miss, can we go back to the mansion this time?”

Yun chujiu nodded with a smile. “Wait a little longer. I just ordered ten tables of good banquet at Ji Qing restaurant. It should be ready soon.”

Manager Xia staggered and almost collapsed on the ground. He almost shouted, “Miss! Why did you order the banquet?”

Yun chujiu looked at her as if she was an idiot. “Aren’t you asking nonsense? You went through a lot of trouble to get me back. Doesn’t my father have to celebrate? If I ordered the banquet tables, father would have saved a lot of trouble!”

“Then, then there’s no need to book ten tables!”

“With such a big happy event, won’t my father celebrate with the whole family? Some of his family and friends will naturally be invited to celebrate as well. If it weren’t for the fact that Ji Qing restaurant doesn’t have so many good ingredients, I would have booked twenty tables!”

Manager Xia's head buzzed. Good ingredients? A good banquet at Ji Qing restaurant would cost at least tens of thousands of high-grade spirit stones. If a country bumpkin ordered ten tables at once, wouldn't that be hundreds of thousands?

Just as manager Xia was thinking., she saw the manager of Ji Qing restaurant running over while panting. "Miss Mo, Miss Mo! This banquet will take a while to be ready. I'll send it to your residence later. These ten tables will cost a total of three hundred thousand high-grade spirit stones. Look, this money?"

Yun chujiu pouted. "Manager Xia is rich. You can ask her for it."
