

The Yun Family's Ninth Child is an Imp! Chapter 1844

Yun chujiu curled the corners of her lips. "Third sister, Have You Lost Your Mind?"? ! I am the Mo family's first daughter. Although second aunt has been promoted, she can not stand my greetings ! If you want to go, go ahead. I am prepared to sleep in!"

"Big, big sister, are you really not going?" Mo fangqin never dreamed that Yun Chujiu would say such bold words.

The reason why Mo Fangqin wanted Yun Chujiu to go with her to greet her was firstly because she wanted to close the distance between her and Yun Chujiu. Secondly, she wanted Madam Luo to shift her attention to Yun chujiu to avoid making things difficult for her.

"I'm not going! I'm not full. If I have the time, I might as well sleep in more! Actually, you don't have to go. You're a serious master. It's reasonable to greet Auntie Qiu, but why are you greeting second auntie?" Yun chujiu pouted.

Mo Fangqin's eyes dimmed when she heard Yun Chujiu's words. Naturally, she wasn't willing to pay respects to madam Luo either. However, they weren't doted on by Mo Cheng, and Madam Luo's family was powerful! Would she dare not pay respects for the sake of her life? !

"Big sister, what are you talking about? ! It's filial piety for me to pay respects to Madam Luo. It's fine if you don't go, but I naturally have to go." Mo Fangqin's heart was in turmoil, however, she knew that Dong Qing and Xia Ye were both manager Xia's people, so she naturally didn't dare to leave any evidence behind.

Hearing Mo Fangqin's words, Yun Chujiu curled her lips. "If you want to go, then go. Anyway, I'm not going! Oh right, stay and have dinner with me! Anyway, I've booked ten tables at Ji Qing restaurant!"

Mo Fangqin hesitated for a moment, but still refused. "Big Sister, thank you for your kindness. I still have some matters to attend to when I go back, so I'll be leaving now."

Yun Chujiu waved her hand nonchalantly before Mo Fangqin left the Qingyu Pavilion.

Mo Fangqin's face revealed a look of disdain. Her mother placed great importance on money. These banquets of country bumpkins had cost quite a number of spirit stones. If she were to eat with her, her mother would inevitably be dissatisfied with her. This country bumpkin had just arrived and did not know her mother's methods. She would be doomed sooner or later!

Yun Chujiu saw Mo Fangqin leave and said to Dong Qing and Xia Ye, "Get the bathtub ready for me. I want to shower and change."

"Yes!"

Dong Qing and Xia Ye walked into the house. Xia Ye took out a large bathtub and started to heat up the water.

Dong Qing walked to the outside and saw Yun Chujiu playing on the swing in the courtyard. A fierce look flashed across her eyes. B * Tch! How dare you slap her? I'll teach you a lesson later!

Dong Qing returned to the bedroom and took out a paper bag from her storage ring. She sprinkled the powder inside into the bathtub.

Xia Ye was shocked and asked in a low voice, "Dong Qing, what are you doing?"

"HMPH! That country bumpkin is really too much! She caused a huge disaster as soon as she came back and even slapped me. Naturally, I won't let her have it easy! This was hook vine powder. In a few hours, that country bumpkin would have a rash all over her body and it would itch her to death! Moreover, there is no antidote for this hook vine powder. I can only endure it!" Dong Qing gritted her teeth and said.

"Dong Qing! You Can't do this. If madam finds out, she will not forgive you!" Xia Ye hurriedly tried to dissuade her.

"Don't worry! Even if she wants to complain, she has to have evidence. After she finishes showering, we will pour out the bath water. Where will she find evidence? ! Listen to me, that's right!"

Seeing that Dong Qing was determined, Xia Ye did not try to persuade her anymore. She did not have a good impression of Yun chujiu either. She was just a pheasant that had flown onto a branch! Did she really think that she was a Phoenix? !
