

The Yun Family's Ninth Child is an Imp! Chapter 1848

Manager Xia was much smarter than Dong Qing and Xia Ye, she cursed angrily, "You two idiots! Where did the ghosts come from? ! When has our mo residence ever been haunted? You are cultivators, so why are you afraid of ghosts? ! This is clearly that country bumpkin playing with you!"

Dong Qing and Xia ye shook their heads like rattle-drums. "No, this is real! "We took a look. There are no footprints under the window. Even if we ride a sword, we can't fly that low. There must be a ghost.". "Besides, that country bumpkin doesn't know about gouteng powder. If the ghost didn't tell her, how would she know?"

"Can't we erase the footprints? Gouteng powder is not odorless. Maybe the country bumpkin can smell it. What's so hard about that? !"Manager Xia wished she could kick them a few times. They were so stupid!

After hearing manager Xia's words, the doubts in Dong Qing and Xia Ye's hearts were mostly dispelled, however, they still said, "Manager Xia, although that's the case, we really don't want to serve that country bumpkin. You'd better think of a way to help us change jobs!"

"We'll talk about it after a while! After what happened yesterday, Madam is unhappy with me. How can I dare to mention your matters! Why didn't that country bumpkin come over to pay his respects?"

Dong Qing's eyes lit up when she heard manager Xia's question. "Manager Xia, I heard that country bumpkin and third miss said yesterday..."

Manager Xia snorted. "This country bumpkin is so audacious. Does he really think he's someone?!"

Although manager Xia wanted to report this matter to Madam Luo, she thought that if she sold Mo Fangqin, Yun Chujiu would be unhappy with Mo Fangqin in the future. This would not be good for Mo Fangqin to monitor Yun Chujiu.

Therefore, manager Xia decided to look for Yun Chujiu.

Manager Xia brought Dong Qing and Xia Ye to Qingyu Pavilion. The room was silent. Manager Xia could only say from outside the room, "Miss! Master and Madam are calling for you."

The room was still silent. There was no movement.

Manager Xia could only raise her voice and say again, "Miss! Master and Madam are calling for you."

There was still no response from inside the house.

Manager Xia couldn't take it anymore and raised her voice, "Miss! If you don't make a sound, we will rush in for your safety!"

Finally, an angry scolding came from inside, "What the F * ck! Why are you howling so early in the morning? ! I haven't woken up yet!"

Manager Xia was stunned by this strange and refreshing way of waking up and scolding. Before she could react, she heard Yun Chujiu say again, "Forget it! Tell my father and second aunt! I will go after I wash up!"

Manager Xia was very angry, but no matter how Bad Yun Chujiu was, she was still her master on the surface. She could only grit her teeth and say, "Miss, I'll go with you after you wash up."

"If you're willing to wait, then wait! Dong Qing, Xia Ye, have you prepared the face-washing water for me?" Yun Chujiu's lazy voice came from inside.

Dong Qing and Xia Ye were dumbfounded. They had used the hot water in their storage rings to take a bath yesterday, and now they didn't even have cold water, let alone hot water.

Fortunately, there was still some hot water in manager Xia's storage ring, so he asked the two of them to bring it in to help Yun Chujiu wash up.

Yun chujiu saw Dong Qing and Xia Ye and couldn't help but ask curiously, "Hey, why are you wearing veils? Are you shameless because you think you look too ugly?"
