

The Yun Family's Ninth Child is an Imp! Chapter 1851

At this moment, Mo Cheng, who was in the main courtyard, was about to explode with anger!

“Qiaoyun, didn't you always tell me that this manager Xia is quick in handling matters? Why Can't she understand one or two of them? Tell her to look for that unfilial daughter. This time, she's gone too!”

Madam Luo hurriedly added, “Master, something must have gone wrong! Qiulan, go and see what's going on?”

Just as the maid Qiulan was about to leave, she saw Dong Qing and Xia ye carrying Yun chujiu into the courtyard. Manager Xia had a stiff expression on his face.

Since the door was open, Mo Cheng and Madam Luo naturally saw it too. The two of them were also at a loss. What was going on?

Yun chujiu jumped down from the soft couch and entered the house with a smile. “Good morning, father, good morning, second aunt, and sisters!”

Mo Cheng snorted coldly. “You are really arrogant! You actually sent someone to invite them over. Don't you know the rules of the morning and evening provincial government?”

“Father, I have no parents since I was young. Naturally, no one taught me the rules of the morning and evening provincial government.”. “Besides, didn’t you say that my mother has been dead for many years?”? “You are busy with official business. Who should I invite to the morning and evening provincial government?”Yun chujiu spread her hands and said helplessly.

Mo Cheng narrowed his eyes and snorted coldly, “Are you blaming me for not bringing you back in time? You Didn’t greet me, but didn’t you have your mother? Fanghua and Fanqin both came to greet me. Why are you an exception?”

“I don’t dare to blame father. A son doesn’t speak of his father’s past. No matter how much of a bastard you are, I don’t dare to say it!”! “As for this second aunt, she is only a servant even after being promoted. How can I, a daughter of the first wife, greet her?”? ! If this gets out, people will laugh at our Mo family for not following the rules!”Yun Chujiu’s face was beaming, however, the words she said were piercing into people’s hearts.

Madam Luo’s expression immediately darkened, mo Cheng was even more furious, “Impudent! You unfilial daughter! You actually dared to use malicious words to insult your biological father and the mistress of the household. You’re truly disobedient and unfilial! Men! Lock this unfilial daughter in the myriad snakes prison for me!”

Hearing that Mo Cheng was going to lock Yun Chujiu in the myriad snakes prison, everyone couldn’t help but suck in a breath of cold air. The myriad snakes prison was where the Mo family punished those who betrayed their master and servants. Although the myriad snakes was a little exaggerated, there were at least a few hundred poisonous snakes inside, once this person entered, he would definitely die!

Although madam Luo felt relieved, when she thought of that matter.., she hurriedly advised, “Master, Fang Cao, this child doesn’t know how to speak. Don’t lower yourself to her level. I don’t mind if she wishes us peace or not. As long as our family is reunited, it’s better than anything else.”

Mo Cheng slapped the table hard. “HMPH! Since your mother is pleading for you, I’ll let you off this time. If you do it again, I won’t let you off, you evil creature!”

Yun Chujiu’s mouth twitched in her heart. Evil creature? I’m not a F * cking demon. Is it appropriate to call me an evil creature? You’re the Old Beast!

“Then thank you very much, father and second aunt!” After saying that, he didn’t need anyone to let him off and directly sat on an empty chair.

Mo Cheng’s sincerity was about to flare up, madam Luo hurriedly said, “Fangcao, it was too late yesterday, so I didn’t arrange a welcoming banquet for you. However, I still have to give you this welcome gift. This autumn water jade bracelet is a high-grade defensive spirit tool, so I’ll give it to you...”

Before madam Luo could finish her words, Yun Chujiu jumped down from the chair, she smiled brightly, “Thank you, second aunt! I wonder what gift father is going to give me for our first meeting? Shouldn’t my two younger sisters express their gratitude as well? Oh right, I heard that I have a precious younger brother. where is he?”
