

The Yun Family's Ninth Child is an Imp! Chapter 1852

Madam Luo's smile froze on her face!

Mo Cheng and the rest were also stunned. There was actually such a thick-skinned person? He actually took the initiative to ask for a meeting gift?

Mo Cheng could not help but snort coldly, "How Shameless! Qiaoyun, don't give her this meeting gift. There's no need to give it to her."

Yun Chujiu's small face immediately turned bright and cloudy. She said to madam Luo, "Second aunt, you can't go back on your words."

"Your father is joking with you! Of course I have to give you this gift." Madam Luo couldn't help but despise him in her heart. It seemed that manager Xia was right. This country bumpkin was really greedy.

Yun Chujiu took the autumn water jade bracelet from Madam Luo's hand and put it into her storage ring with satisfaction. Then, she looked at Mo Cheng.

"Father, second aunt has already given it to you. As the head of the family, you can't be so stingy, right?" This guy never knew what it meant to be embarrassed. If he didn't give it to her, he would just ask for it directly.

Mo Cheng had the intention to not give it to her, so Mrs. Luo gave him a look. She could only give Yun chujiu a high-grade defensive spiritual weapon with a cold snort.

Yun chujiu smiled and put it into her storage ring. After thanking her, she looked at Mo Fanghua.

A trace of disdain flashed across Mo Fanghua's eyes. She didn't say anything and directly threw a middle-grade defensive spiritual weapon to Yun Chujiu. Yun chujiu couldn't help but curl her lips. What a stingy person!

Seeing that Mo Fanghua had already given it to her, Mo Fangqin could only take out a middle-grade defensive spiritual weapon and hand it to Yun Chujiu.

"Second aunt, you haven't answered me yet. Where's my precious little brother?" Yun chujiu made a small fortune and returned to her seat with satisfaction.

"Your grandfather and grandmother miss their grandchildren, so Jun Chen went to the mansion," Mrs. Luo said with a smile.

"Oh, so I still have grandparents!" Yun Chujiu said as if she had suddenly realized something.

Mo Cheng almost fainted from anger. What was she saying? ! You Don't have grandparents, could it be that I came out from the crack of a rock? ! !

For a moment, the atmosphere in the room was very strange. No one said anything else, only the sound of Yun chujia sipping tea could be heard.

This fellow never bothered others when he could do things himself. He crossed his legs and drank by himself, feeling very uncomfortable.

Mrs. Luo thought of the twenty million spiritual stones that Yun Chujia spent and gave Mo Fangqin a look. Although Mo Fangqin was unwilling, she did not dare to disobey, so she could only pretend to be mischievous:

"Big sister, I heard that you bought a lot of good things yesterday and said that you wanted to give them to us as a greeting gift. I am a thick-skinned person, can you give them to me now?"

Mrs. Luo looked at Mo Fangqin with satisfaction. Although this daughter of a concubine was an eyesore, she was still obedient. With her words, that country bumpkin would probably take the opportunity to take out the things he bought.

"You're quite thick-skinned!" Yun chujia put down the Teacup and said slowly.

Mo Fangqin's face immediately turned red. She stood up abruptly and was about to question Yun chujiu, she heard Yun chujiu continue, "However, this person is still a little more thick-skinned. Isn't there a good saying that if you are thick-skinned enough, you won't be able to eat it. So, third sister, I really like your thick-skinned face."

When Mo Fangqin heard Yun Chujiu's words, she did not know whether she was praising or mocking her. She did not know whether she should continue to stand or sit down.

Madam Luo saw this and said, "Fangqin, your big sister is joking with you. Quickly sit down! Fangcao, look at how you are making Fangqin cry. Hurry up and give her a gift to coax her!"
