

The Yun Family's Ninth Child is an Imp! Chapter 1853

"Aiya, third sister, even if you don't tell me, I will still give everyone a gift! Although I don't have much knowledge, I still know how to return the favor. I have carefully prepared a gift for everyone!"

Yun chujiu sneered in her heart. This old white lotus must be thinking about the things she had bought. It would be a pipe dream to pluck feathers from her iron rooster.

Hearing Yun Chujiu's words, Madam Luo and the others were filled with anticipation. They all knew that Yun Chujiu had bought many good things yesterday. It was estimated that the greeting gifts must be very expensive.

Mo fangqin could not help but feel annoyed. Auntie Qiu had not been feeling well these few days, so she had not come over to greet her. Otherwise, she would have received a gift.

"Father, sir, I have angered you the moment I came back. Sir, if you don't remember me, then don't lower yourself to my level! Please accept this small gift!" Yun chujiu took out a tray from her storage ring, the tray was covered with a red cloth, so it was hard to tell what was inside.

Mo Cheng snorted and signaled manager Xia to bring the tray over.

Manager Xia took the tray and was very curious. It was quite heavy. Could it be a spiritual weapon? This country bumpkin had bought a low-grade immortal weapon yesterday. Maybe it was that low-grade immortal weapon. This country bumpkin knew that he had money to spend.

Although Mo Cheng was also somewhat looking forward to it, he didn't dare to hastily pull open the red cloth because of his status. He said coldly, "Put it on the table first."

Madam Luo smiled and said, "Master, this is a token of appreciation from the fragrant grass. Open it and let us see it!"

Only then did Mo Cheng Pull Open the red cloth. However, when he saw what was inside, he was instantly stunned!

Not only was he stunned, Mrs. Luo and the others were also stunned!

Mo Cheng roared angrily, "Evil creature! What do you mean by giving me a cabbage? !"

Yun chujiu blinked her eyes, "Cabbage is the same as wealth. I'm giving you this cabbage to wish you a great fortune! Don't you want to Be Rich?"

Mo Cheng was speechless. He couldn't just say that he wanted something valuable and didn't want this cabbage, right? Therefore, Mo Cheng Glared at Yun Chujiu without saying a word.

Madam Luo had an inexplicable ominous feeling in her heart. She was afraid that she wouldn't be able to get the 20 million back.

As expected.., Yun Chujiu immediately said with a smile, "I've always done things fairly. In order to prevent everyone from having any objections, I've prepared all the auspicious cabbages for everyone. I've even prepared the cabbages for Jun Chen and Aunt Qiu!"

After Yun Chujiu finished speaking, she took out five trays covered with red cloth and passed them to Madam Luo and the others with a smile.

Everyone lifted the red cloth, and inside, as expected, was a cabbages!

Madam Luo was so angry that she did not have the time to maintain her poise. She directly asked, "Fang Cao, I heard from manager Xia that you spent more than twenty million upper-grade spirit stones to buy a gift yesterday. Why did you only give us a cabbages?"

Yun Chujiu blinked her eyes and said, "Second aunt, that was my original plan. However, when I entered the residence, I saw that all of you seemed to be much richer than me. I reckon that you guys don't like those things. Therefore, I think it's better for me to keep those crappy things for myself!"

“Moreover, the gift is light, but the sentiment is heavy. These cabbage were brought here by me from the Tian Yuan continent. After experiencing so many storms and storms, other than you guys, no one else can taste the pure green organic cabbage!”
