

The Yun Family's Ninth Child is an Imp! Chapter 1854

Madam Luo came to a conclusion from Yun Chujiu's messy words. This country bumpkin had originally intended to take those things for himself. It was really detestable!

A trace of viciousness appeared in Madam Luo's eyes. Did this country bumpkin really think that she was unscrupulous just because she had some uses. ! She had to teach her a lesson, or else it wouldn't be easy to deal with her in the future.

"Fang Cao, I think your spiritual power is really low, even lower than the maids in the residence. This won't do. You have to increase your spiritual power as soon as possible," Mrs. Luo said earnestly.

Yun chujiu crossed her legs and took a sip of tea. "Second aunt, I don't think the same as you! One has to enjoy life in this world. What's the point of training so hard? "Besides, don't I still have my father to protect me? How can such a large Mo residence allow me to be bullied? "So, you guys just focus on your training. I'll just eat, drink, and have fun!"

Even in her dreams, Madam Luo had never expected Yun chujiu to have such a reaction. The words that she had prepared for Yun chujiu immediately became useless. She was at a loss for words.

Upon seeing this, Mo Cheng smacked the table, the two cabbages on the table were sent flying. "Vile creature! You still have the cheek to say such useless words! Our Mo family never raises trash, so there's no need to say more. From tomorrow onwards, there will be people to bring you to the dense forest outside the city to kill the demonic beasts. If you can't complete the mission for the day, you can sleep outside!"

After saying that, Mo Cheng waved his sleeve and went to the study room.

“Fangqin, your father is doing this for your own good. The spiritual power of this cultivator is the most important. Don’t worry, I will arrange for people to ensure that your life is not in danger. You can just go to the trial. “Fangqin, you have nothing to do. You should also go with them. Help those guards protect your elder sister,” Madam Luo said earnestly.

Mo Fangqin was still gloating over her misfortunes, but who would have thought that disaster would fall from the Sky? She didn’t dare to refuse, so she blamed Yun Chujiu in her heart. It was all because of this country bumpkin. If she couldn’t complete the mission, then..! Wouldn’t she have to spend the night in the jungle too? !

Yun chujiu sighed and said with a sad face, “Well, in that case, I can only agree. Sigh, I thought I came back to enjoy my life, but I didn’t expect to have to go to the trial. What a miserable life!”

Madam Luo said a few polite words and dismissed the crowd.

“Manager Xia, bring some people to follow that country bumpkin tomorrow!”! During the trial, as long as her life was not in danger, there was no need to care about her. After all, she would recover after a few more days of rest. This country bumpkin was really too arrogant. It’s time to teach her a lesson,” madam Luo said viciously.

Manager Xia's hatred for Yun Chujiu was no less than Madam Xia's, so she naturally agreed without hesitation. She sneered in her heart, 'country bumpkin, let's see how you can continue to show off this time!'

On the other side, Dong Qing and Xia Ye couldn't help but secretly rejoice when they heard about this matter. It would be better if this country bumpkin died in the dense forest. This way, they would be able to escape from the sea of bitterness.

The next day, after Yun Chujiu had breakfast, manager Xia came to visit.

"Miss, Madam has arranged for me to follow you to the trial. Let's Go!"

Manager Xia thought that Yun Chujiu would definitely dawdle like the day before. Unexpectedly, Yun Chujiu got up very quickly and said, "Let's go. We have to go sooner or later anyway."

Manager Xia could not help but feel a little confused. Why was this country bumpkin always acting out of the ordinary? It was really unfathomable. Perhaps she had not realized how powerful the demonic beasts in the forest were? It must be so.
