

## The Yun Family's Ninth Child is an Imp! Chapter 1864

Manager Xia's left face immediately swelled up, and she said fearfully, "Madam, Please Calm Down, Madam! This servant understands my mistake, this servant understands my mistake!"

Madam Luo lectured her once more before saying, "This is 50,000 high-grade spirit stones. Go and redeem your identity jade token tomorrow. This is the last time. If you let that country bumpkin waste money again, I won't Forgive You!"

Manager Xia was on the verge of tears. "Madam, this servant might not have rested well after returning from the Tian Yuan continent, so recently, my brain has been a little lacking. Why Don't you arrange for another person to follow that country bumpkin to the trial?"

Madam Luo frowned and thought for a moment. "That's fine too. The master is probably unhappy with you for finding me. I'll ask him to send another person to follow that country bumpkin to the trial."

Manager Xia was so excited that tears were coming out. "Thank you, Madam! Thank you, Madam!"

Manager Xia felt that his hard days had finally come to an end!

He no longer had to worry about the country bumpkin spending money. He no longer had to endure the rolling eyes of the bystanders. He no longer had to be slapped in the face!

Mrs. Luo went to Mo Cheng's study. Without waiting for Mo Cheng to ask, she told him everything. "Master, I feel that this matter definitely has something to do with those few families. They just want to see us as a joke."

Mo Cheng smacked the table angrily. "HMPH! Those families are very close to my good brother and that good brother of mine. Perhaps they secretly instructed them to do so!

"It's all that unfilial daughter's fault. A fly doesn't bite a seamless egg. If it weren't for her disobedience, those people wouldn't have had the chance to target us. "If it weren't for that matter, I would have killed her with a single sword!"

"Master, you don't have to be too angry. A little girl won't be able to stir up much trouble. Once she has suffered a little, she will be obedient.". Master, manager Xia may have exhausted too much of her spiritual power when she passed through the enchantment, so she hasn't been in a good mood recently. It's really difficult for her to do things. Why Don't you arrange for another person to follow Fang Cao to the trial tomorrow?" Madam Luo said gently as she massaged Mo Cheng's shoulder.

Mo Cheng was obviously very pleased. He nodded. "Then let Hei Sha bring her. Hei Sha is my right-hand man. He will definitely be able to restrain that rebellious daughter."

The next day, after Yun Chujiu had breakfast, manager Xia came over.

“Miss, the master arranged for Commander Hei Sha to go with you to the forest for the trial today. Hei Sha is waiting outside the manor’s door. I’ll accompany you there.” Manager Xia happened to go to the snack shop to redeem his identity jade token.

Yun chujiu showed a shocked expression. “Manager Xia, why is there a change of people? I really can’t bear to part with you. Why Don’t I go to second aunt and ask you to accompany me!”

Manager Xia was so scared that he trembled. “Miss, Miss, I, I, I am not feeling well. Let Commander Hei Sha accompany you!”

Yun chujiu could not help but laugh. She did not point it out. “If that’s the case, then forget it. Let’s Go!”

Only then did manager Xia heave a sigh of relief. What a joke. It was not easy to get out of the fire pit. Only a fool would jump into it again!

Mo fangqin also happened to arrive. Hence, the three of them arrived at the main door of the Mo residence together.

The moment manager Xia stepped out of the main door, she felt as though her heart had gone crazy!

She saw that there were already dozens of people gathered outside. They were the onlookers from yesterday. All of them had glowing faces. When they saw Yun chujie come out., all of them looked as if they had been injected with stimulants. “Miss Mo, Miss Mo, you weren’t punished yesterday, right? We were worried, so we came over early in the morning to take a look.”
