

The Yun Family's Ninth Child is an Imp! Chapter 1865

Yun chujia smiled and cupped her hands at them. "Thank you for your concern. Although my father was a little unhappy, he did not punish me. He just did not let manager Xia accompany me today. Instead, it was Commander Hei Sha. I don't know if he thinks that I did not complete my mission well yesterday."

The onlookers immediately let their imaginations run wild. They could not help but discuss among themselves:

"That Hei Sha is famous for being vicious. The Mo family head wants him to follow Miss Mo to the trials. This is clearly giving miss mo a hard time!"

"What you said makes sense. I don't know what the Mo family head is thinking, to actually be so ruthless to his own biological daughter."

"We have nothing to do on the left and right. Let's go and take a look. Otherwise, Miss Mo will definitely suffer a great loss!"

..

Manager Xia was slightly better off. After all, he had already gained experience yesterday. However, Hei Sha, who was standing at the side, had received a huge shock. were these people sick? !

Hei Sha was the commander of the Mo Residence's guards. He had a dark and ruthless personality. Initially, he did not think much of Mo Cheng's request for him to accompany Yun Chujiu to the trial. Now, his impression of Yun Chujiu was even worse.

Hei Sha glanced at Yun chujiu coldly. "Eldest miss, it's getting late. Let's hurry and set off!"

Yun chujiu trembled for a moment and stammered, "Alright, Alright, let's Go! Everyone, you, if you have something to do, don't follow us. If worst comes to worst, I'll just camp out in the dense forest today!"

When the onlookers saw how frightened Yun chujiu was by Hei Sha., all of them immediately patted their chests and said, "Miss Mo, we're going to the forest to hunt. Don't worry. If anyone dares to offend our superiors, we'll help you to seek justice."

"Yes, Yesterday's method was quite good. Today, we'll do it again. Miss Mo, you can rest assured."

..

Hei Sha frowned. No wonder the master asked him to go with her. He didn't expect that this good-for-nothing miss would have so many people to help her.

However, these people were just a motley crew. Once they reached the forest, it was not up to them.

Everyone had their own thoughts and set off towards the forest.

Yun chujiu was much quieter today than yesterday. From time to time, she would even wipe her tears with her sleeves.

The onlookers immediately came up with a lot of content. They could not help but feel more sympathy for Yun Chujiu. At the same time, they were even more dissatisfied with Hei Sha.

The situation was exactly the same as yesterday. There were too many people, and the demonic beasts all fled upon hearing the news.

Just as Hei Sha was about to let everyone leave, someone drove a level 26 giant-toothed bull over.

“Miss Mo, you can start the trial now!”

Hei Sha was a little confused. What did this mean?

Some guards came to his side and said, "Commander, it was like this yesterday. Those people drove the demonic beasts over, and then miss fought with the Demonic Beasts."

Hei Sha could not help but snort coldly. These people were really full of themselves!

Hei Sha was different from manager Xia. Although he was also afraid of the people from the other forces, he thought that those people would not openly fall out for Yun Chujiu.

Therefore, hei sha said coldly, "Everyone, the reason why the eldest miss came to the trial is to challenge herself. You are not helping her but harming her. We still have the trial, so please go ahead!"

When those people heard Hei Sha's words, they all started to clamor.

They did not expect that Hei Sha would hit the tree next to him. The huge tree immediately fell to the ground with a loud bang. Those people immediately panicked.

It did not matter if they sympathized or just watched the show. The prerequisite was that there was no danger. This hei sha was vicious and merciless. He might really make a move, so they all found excuses to escape.
