

The Yun Family's Ninth Child is an Imp! Chapter 1869

“Manager Xia, what did you say? My ears haven’t been working properly recently! You said that my father misses me? He wants to see me immediately? That’s great, I’ll Go See Him Now!”

Before manager Xia could react, Yun chujiu ran away like a happy rabbit!

Manager Xia almost spat out a mouthful of blood. This country bumpkin must have done it on purpose. Sooner or later, her life would be on the hands of this country bumpkin!

Manager Xia risked her life to chase after her. However, Yun Chujiu had gone through a few days of training and her movement speed had become faster. In addition, the distance from the main door to the living room was not that far, manager Xia could only watch as Yun chujiu hopped into the living room with great honor.

In the living room, Mo Cheng was talking to two middle-aged men. One of the older men was Mo Cheng’s eldest brother, Mo Peng, and the younger one was Mo Cheng’s younger brother, Mo Chang.

Mo Peng said with a fake smile, “Second brother, this fragrant grass has been lost for more than ten years, yet you still haven’t thought of looking for it. Why did you bring it back now? I heard that you even borrowed father’s Great Wilderness Heaven Battering Bell?”

Mo Cheng sighed, "Eldest brother, fragrant grass is my biological daughter. I've been thinking about her all these years. Now that I finally have the ability, I naturally have to bring her back."

Mo Chang laughed coldly, "Second brother, you don't need to tell me and Big Brother about your lies. If you really loved Fang Cao, you wouldn't have mistreated her. When I entered the city, I heard many people say that you mistreated Fang Cao."

Mo Cheng laughed coldly, "Third brother, this rumor stops at a wise man. Even a tiger's poison doesn't eat its own son. How could I mistreat my biological daughter?"

"Biological daughter? That might not be the case! Second Brother, you casually found a girl and said that she was the missing Fang Cao. Isn't this a little too hasty!"

Mo Cheng slapped the table and said, "Third brother!"! What kind of words are you saying? ! How could I casually find someone to say that she was my daughter ? When Fang Cao went missing, she was wrapped in a small quilt with our Mo residence's logo on it. Moreover, the time when those people found Fang Cao and the time when she went missing were also the same. Most importantly, Fang Cao's appearance and that B * TCH are exactly the same as your first sister-in-law."

Mo Chang was rendered speechless by Mo Cheng's rebuke, Mo Peng spoke, "Second Brother, although what you said is very reasonable, Fang Cao went missing in the immortal Yuan continent back then. Why would she appear in the Azure Mystic Continent? How did you know that Fang Cao was in the Azure Mystic Continent?"

“This, naturally someone told me the whereabouts of Fang Cao. As for why she ended up in the Azure mystic continent that day, to be honest, I’m not too sure either.” Mo Cheng evaded the question.

Just as Mo Peng and Mo Chang were about to ask further, they saw a little girl with disheveled hair and covered in blood rushing in. “Father, I’ve finally returned Alive!”

Mo Peng and Mo Chang were both shocked. Where did this beggar come from? ! Could this be that Mo Fang Cao. ? Her appearance was very similar to second brother’s original wife.

When Mo Cheng saw Yun Chujiu’s honorable appearance, he fiercely glared at manager Xia who was chasing after him. This good-for-nothing specially asked her to stop this rebellious daughter. Why didn’t she stop her?

Before Mo Cheng could speak, Mo Peng said, “You, you are my pitiful niece Fangcao, right? I am your uncle. How did you do this?”

“Mo Cao, I am your third uncle. If you have any grievances, just tell third uncle. Third Uncle will make the decision for you!” Mo Chang hurriedly said.

Yun chujiu saw the scheming look in their eyes and could not help but have a cold look in her eyes. Could it be that the members of the Mo family were all such selfish and cold-blooded people?
