

## The Yun Family's Ninth Child is an Imp! Chapter 187

Di Beiming was very satisfied with Yun Chujiu's reluctance to part with him, but his expression was cold. "Mm, after I leave, stay away from that bird!"

Yun Chujiu straightened her small body. "Prince Charming, don't worry! I'll cultivate well and never get involved with that person! Stay away from those coquettish b\*tches!"

Di Beiming nodded and left with An Yin and An Feng.

Of course, An Feng secretly returned to protect Yun Chujiu.

As soon as Di Beiming left, Yun Chujiu started to show off, "Hahaha! The gigolo is finally gone! Let's go! Master will take you out to play! I'm a rich woman now!"

Yun Chujiu had a rolling pin on her waist and Little Black on her shoulder. She swaggered out of the yard.

'Where should I go?'

Yun Chujiu thought about it and decided to go to the library! 'I haven't been there even once. It'll be a good time to read some alchemy books.'

The reason why Yun Chujiu had the idea of alchemy was that there had not been a single drop of rain recently, so there was naturally no lightning that could be absorbed.

Yun Chujiu thought hard for a few days and decided to learn alchemy.

With the pill, she could feed it to the grass in her Dantian. This way, the grass could release the power of lightning, and she could cultivate at any time.

Although there was a risk in doing this, which was that the grass in her Dantian might grow bigger and bigger, if she did not become stronger, she would be killed by it sooner or later. She might as well give it her all.

As for whether she could learn it or not, it was not in her consideration. This girl had this kind of mysterious confidence!

The Spirit Radiance Sect's library was located halfway up the Zhang Peak. After two hours, Yun Chujiu happily hopped to the library on the Zhang Peak.

The two outer sect disciples guarding the library were indignant when they saw Yun Chujiu hopping over. However, the sect leader had given the order and had no choice but to let Yun Chujiu enter. However, they stopped Little Black.

"Spiritual pets are either kept in the spiritual beast pouch or not allowed to be brought in!" one of the tall servants said impatiently.

Naturally, Yun Chujiu did not have a spiritual beast pouch. Moreover, her storage ring could not hold any living things, so she could only instruct Little Black to wait for her on the tree next to the library. Little Black nodded and flew to a tree next to the library.

Yun Chujiu entered the library and was immediately shocked by the scene inside! The inside was about ten Mu of land. There were many bookshelves, and there were plenty of jade slips and paper books on them.

Most of the people reading inside were servants. When they saw Yun Chujiu enter, they whispered a few words and did not bother about her thereafter.

Yun Chujiu went to the alchemy library and began to read.

Yun Chujiu read very quickly, one book after another. In the end, she simply sat on the ground and read.

After reading for a while, she heard the angry voice of the Little Black in her mind. "Master! They bullied me! I want to burn them to death with a fireball!"

Yun Chujiu was shocked. She quickly put down the book in her hand and rushed out.

When Yun Chujiu exited the library and saw the scene in front of her, she was so angry that she could explode!

She saw four male outer sect disciples throwing pebbles at the little black bird, laughing as they did so. "You unlucky fire-breathing crow, get lost!"

"That's right! You're just like your master! You're so black, you've really disgraced our Spirit Radiance Sect."

"Get lost! If you don't get lost, I'll beat you down and roast you."

...

There were two pretty women standing beside these male disciples. When they saw the little black bird being forced to move back and forth on the branches, the two of them happily giggled.

Pah! Pah! Pah! Yun Chujiu suddenly jumped forward and slapped each of the four male disciples.

The four male disciples were looking up at the Little Black on the tree. Who would have thought that someone would rush over to hit them? They were slapped by Yun Chujiu.

Little Black saw Yun Chujiu had come out and landed on Yun Chujiu's shoulder. It was so angry that it cried out.

"Wa-wa-wa, Master! I'm so angry! I'm so angry! If you didn't tell me not to expose myself, I would've burned them to ashes!"

Yun Chujiu comforted Little Black's wings and then looked at the two women.

"Yun Chushan, Bai Morou, what are you doing?"
