

The Yun Family's Ninth Child is an Imp! Chapter 1872

When Mo Cheng had asked manager Xia to look for Yun Chujiu, he had not known that Yun Chujiu had a heavenly thunder spirit root. If he had known, he would not have taken the risk to look for her.

Mo Cheng could not help but feel some lingering fear. The higher the spiritual power of the Heavenly Thunder Spirit Root, the easier it would be to be wiped out by the Tian Dao. He could not allow that rebellious girl to increase her spiritual power anymore.

Just as Mo Cheng's face was gloomy and uncertain, the sky suddenly darkened.

At first, everyone didn't pay too much attention to it, thinking that it might be cloudy. However, the sky was getting darker and darker. Even though they were inside the house, they could still feel a huge pressure. Some people with low spiritual power couldn't even breathe.

"Oh my God! Could it be that Tian Dao is going to send down heavenly lightning to kill Fang Cao's niece?" Mo Peng suddenly cried out in surprise.

Mo Cheng's expression changed. What he was afraid of really came true! If it was really for that rebellious daughter, how could that rebellious daughter withstand the heavenly lightning? She would definitely be killed by Tian Dao. Then, wouldn't all his efforts be in vain?

At this moment, Yun Chujiu had already walked into the courtyard and looked up at the sky, then, she said to Dong Qing and Xia ye, "This heavenly lightning is most likely coming to strike me. If you want to be buried with me, then stay obediently in this courtyard. If you don't want to die, then scam!"

Naturally, Dong Qing and Xia Ye would not wait here to die. They immediately ran away. Yun chujiu shouted from behind, "Tell the others to scam far away as well. If they are accidentally struck by the Heavenly Lightning, I won't be responsible."

Without Yun chujiu saying anything, those servants had already run far away. What a joke, that was the heavenly lightning. If they did not run, they would be fools!

Mo Cheng and the others were also very worried about being accidentally injured by the Heavenly Lightning, so they all ran to the main street outside the Mo residence. As for Yun Chujiu's safety, they naturally would not care. Although Yun Chujiu was useful, her life was not as important as hers.

Yun chujiu naturally did not let Dong Qing and the others leave because she was thinking of keeping it a secret. She was not afraid of being struck by lightning, so the fewer people who knew about it, the better.

Yun chujiu took out a handkerchief to wrap her hair and then walked to a corner of the courtyard so that people who were far away from her could not see her.

The clouds in the sky were getting thicker and heavier, and the sky was getting darker and darker. It was almost pitch black.

Yun chujiu stretched out her hand and shook it. She mumbled, "So this is what it means to be blind!"

Xiao Heiniao could not help but complain, "Master, it's already so late, and you still have the mood to think about such nonsense! The Heavenly Lightning in the Immortal Yuan continent is definitely much stronger than the heavenly lightning in the Tian Yuan continent. You should be more careful!"

"Don't worry, I'm still a stranger to those Wu Yun. They don't know that I'm so abnormal, so I'm definitely not well-prepared for the first strike.". Besides, I haven't been struck by lightning for a long time. I really miss the feeling of being struck by lightning! I'm finally going to break through!" Yun Chujiu said excitedly, she was just about to dance.

Xiao Heiniao, MO..

Alright, a black-hearted master like him couldn't be judged by common sense. Speaking of which, it had been a long time since I leveled up. It just so happened that I absorbed a few heavenly lightning bolts to supplement my strength.

Xiao mogu timidly said, "Master, this baby also needs to absorb heavenly lightning. This baby has been hungry for a long time!"

Thus, the three perverts sat in a row, excitedly waiting for the arrival of the Heavenly Lightning.

Wu Yun in the sky was very casual about this mission. wasn't it just killing a little girl? ! It was simply too simple, wasn't it? !

Not to mention a little weakling from the western continent, even those mighty figures from the eastern continent would only need an incense stick to burn.

Wu Yun felt that at most three bolts of lightning would complete the mission, and then he could float back to hand in the mission.

Before Wu Yun struck the Lightning, his first step was naturally to find the target. When he saw the three perverts sitting in a row in the corner of the wall, he could not help but feel angry!
