

## The Yun Family's Ninth Child is an Imp! Chapter 1880

Everyone in the room looked at Yun Chujiu. The current situation was inappropriate no matter what she did.

If she picked up the hairpin, she would be swallowing her anger. From now on, there would be no way for her to raise her head in the Mo residence. However, if she did not pick up the hairpin, it would be disrespectful to grandmother. The elder would not refuse, and old madam Liu would very likely punish her.

Old Madam Liu curled her lips, her eyes full of disdain. She was just a little girl, and only second brother was considerate and indulgent towards her. With a little bit of tricks, she could be submissive.

At this moment., yun chujiu said crisply, "Thank you for the gift, grandmother!"! That someone, yes, it's you. Pick up that hairpin and stick it in my hair. This is a gift from grandmother for my first meeting. I must always wear such an expensive and decent thing. "When I return to Jinchuan city, I will tell everyone on the streets that this is a good gift from my grandmother!"

The servant girl who was pointed at by Yun Chujiu had a dumbfounded look on her face. was she going to pick it up or not? No matter what, this country bumpkin was the legitimate daughter and the master. She could not openly go against her words. However, what did old Madam Mean?

Old Madam Liu's expression was gloomy. This wretched girl was clearly provoking her. With such a declaration, wouldn't it be the truth that she was mistreating her?

Old Madam Liu gritted her teeth and gave a look to the old woman beside her. The old woman picked up the hairpin and returned it to old madam Liu.

Old Madam Liu said with a sullen face, "I took the wrong one in a hurry. This is the present for your first meeting."

Old Madam Liu took out a bracelet that was flowing with colorful lights. It was obvious that it was a high-grade spirit tool. Naturally, it was not good to throw the bracelet on the ground. The old woman took the bracelet and handed it to Yun Chujiu.

Yun chujiu put it into her storage ring with a smile. "Thank you, Grandmother."

Old Madam Liu felt that Yun Chujiu's smile was particularly dazzling. She said coldly, "Why don't You Wear It on Your Hand?"

"Grandmother, I naturally have to keep the things that you gave me well. What if I break it if I wear it on my hand? Wouldn't that be a waste of your good intentions?" Yun Chujiu said seriously.

Old Madam Liu was so angry that she gritted her teeth. Now she knew to keep it well? Why did she have to take the hairpin to parade on the streets? This little girl was really detestable to the extreme.

Just as Old Madam Liu was sulking, she heard Yun Chujiu say with a smile, "Grandfather, grandmother already gave me such a good thing. Don't you have to show your appreciation?"

Mo Peng and the others jumped in shock. This country bumpkin was too daring!

Mo Xiaoting's personality was cold and hard. Even the most favored Mo Junchen did not dare to act coquettishly in front of him. This country bumpkin was just waiting to be reprimanded!

Mo Xiaoting was also taken aback. His eyes flashed with deep thought as he pulled out a jade pendant from his storage ring, "I'll give you this dragon pattern seven treasures jade pendant!"

Everyone was shocked. How was this possible? Not only was he not angry, he actually gave this country bumpkin a high-grade spiritual weapon? Did the master eat the wrong medicine?

After Yun Chujiu received the jade pendant, her eyes turned red, she was touched and said, "Thank you, grandfather! Grandfather, you are the most powerful person I have ever seen! Most importantly, not only are you powerful, you are also very good to my granddaughter. I will definitely be filial to you in the future. I will do whatever you want me to do. I will listen to your arrangements."

Both Mo Xiaoting and everyone present were stunned by Yun Chujiu's blatant flattery. Wasn't this country bumpkin a little too thick-skinned?
