

## The Yun Family's Ninth Child is an Imp! Chapter 1887

After dinner, Yun Chujiu leaned back on the chair. "Why hasn't Qing Zhi come back after picking the lotus seed pod? She's really worried!"

Qing Liu's mouth twitched and she explained, "Miss Fang Cao, the lotus seed pod grows in the middle of the lotus pond, so Qing Zhi has to borrow a boat from Steward Zhou before she can pick the lotus seed pod."

"Ah, so that's how it is. Qing Zhi really hasn't had it easy. When she comes back, I'll definitely reward her heavily," Yun Chujiu said with a sudden realization.

Mo fangqin pursed her lips. What a nice thing to say. What good thing can you reward with your stingy manner? ! Don't tell me you're going to reward me with a cabbage?

While the three of them were chatting, Qing Zhi entered the courtyard crying.

The three of them were stunned. They saw that Qing Zhi was covered in mud and looked very pathetic.

"Qing Zhi, what's going on?" Qing Liu and Qing Zhi had always been on good terms, so she quickly asked.

Qing Zhi just shook her head and said to Yun Chujiu with a sobbing tone, "Miss Fang Cao, the boat capsized. Your servant failed to pick the Lotus pod. Please punish me."

Yun chujiu frowned. Qing Zhi had a cultivation base, so how could she capsize the boat? !

"Qing Zhi, I don't like being lied to the most. Tell me, what's going on? ! Although I may not be able to make a decision for you, I want to know the truth."

Qing zhi saw Yun Chujiu's serious expression, she could only cry and say, "I had already picked a lot of lotus seeds, but I didn't expect that when I was about to go ashore, young master Jun Chen came to the side of the Lotus Pond and asked me why I picked the lotus seeds. I told him that you wanted them. Then, young master Jun Chen said, just say..."

"Just say it. What did he say? Just tell him the truth." Yun chujiu knew that Mo Junchen must have said something unpleasant when she saw Qing Zhi stuttering.

"Young master Jun Chen just said, just say that Miss Fang Cao is a good-for-nothing and doesn't deserve to eat lotus seeds. Then, he ordered his guards to capsize my boat and didn't let me go ashore. Sob..." Qing zhi cried again when she remembered the humiliation she had suffered just now.

“Big Sister, Jun Chen is loved by grandmother and has a very overbearing personality. It’s better if you don’t provoke him.” Mo Fangqin saw Yun Chujiu’s gloomy face and was afraid that this guy would make trouble again, so she quickly said.

“Who said I want to provoke him? I’m just sorry that I can’t eat the lotus seed pod! Qing Zhi, go and wash up. After washing up, you can have dinner.” Yun Chujiu said and went straight into the house.

Mo Fangqin comforted Qing Zhi and went into the house. Qing Liu accompanied Qing Zhi to wash up.

“Qing Liu, who do you think I provoked? What Bad Luck!”

“Sigh, it’s not like you don’t know young master Jun Chen’s mischievous character. Just avoid him in the future.”

“Yeah, we’re just maids. No one will stand up for us. Not to mention just getting us into the lotus pond, even if they kill us, no one will care.” Qing zhi sighed and said.

Qing Liu also felt sad. The two of them did not speak. They would definitely suffer this loss. No one would seek justice for them.

The next morning, before the Sun Rose, Yun Chujiu got up.

“Third sister, Get Up!” This guy did not care about any manners and directly rushed into Mo Fangqin’s room and shouted.

“Big Sister, are you crazy? It’s only two hours and you’re already up? Why are you up so early?” Mo Fangqin looked at Yun Chujiu with a dumbfounded face. This guy was usually the laziest? Why was he up so early today?

“Of course it’s to do something big! Hurry up, don’t Dawdle!”

Mo Fangqin suddenly had a bad feeling. This guy didn’t even mention that he was going to steal the three transformation golden ginseng fruit. Could it be that he was going to blow up the mansion? !
