

The Yun Family's Ninth Child is an Imp! Chapter 1891

Although Mo Xiaoting had never heard of anything that hurt, it did not stop him from understanding what Yun Chujiu meant. At first, he did not think much of it, but the more he thought about it, the more he felt that what she said made sense.

Fang Cao was right. It didn't matter if she was stupid or useless, but if she was stupid, useless and lawless, then she was going to ruin everything!

Jun Chen's personality was extremely stubborn. If he really didn't know his place and offended someone he shouldn't, then the entire Mo family would be implicated.

Besides, Fang Cao's words weren't impossible. If everything worked out well, he might really be able to return to the eastern continent..

Yun Chujiu had been secretly observing Mo Xiaoting's expression. Seeing that he was deep in thought with a frown and beads of cold sweat on his forehead, she knew that she was right!

The reason why Yun Chujiu had been playing tricks the moment she arrived at the old mansion was firstly to test the limits of their tolerance. Secondly, she wanted to find a backer in the Mo family because she felt that Mo Cheng and Luo Shi wanted to use her for something, there was an 80-90% chance that she would die.

After some probing, Yun Chujiu had decided on Mo Xiaoting. There was no one more suitable than him. Only he could stop Mo Cheng from doing what he was about to do.

Most importantly, Mo Xiaoting was a lot smarter than Mo Cheng and he had ambition. A person like him valued long-term benefits rather than killing the goose that laid the golden egg. What Yun Chujiu needed to do now was to attract Mo Xiaoting's attention, she needed to quickly rise to the top and become the most favored person in the Mo residence!

This was only the first step. After becoming the most favored person in the Mo residence, the next step was to think of a way to help the Mo residence return to the eastern continent. Only then would they have the opportunity to continue their studies and become stronger. Only then would they not be controlled by others.

Yun chujiu had never felt that the hardships she had endured were anything special. What she couldn't overcome was the hardships. What she had gone through was merely an experience.

Although Mo Xiaoting was in shock, his expression quickly returned to his usual cold and stern self, "What you said makes sense. It's rare for you to have such knowledge at such a young age. Tell me, what did Jun Chen Do to provoke you?"

Yun chujiu giggled, she said coquettishly, "Grandfather, you really have sharp eyes. Nothing can escape your eyes!"! Yesterday, I asked my maid to go to the lotus pond to pick the lotus pods. I didn't expect Jun Chen to not only insult me, but also throw my maid into the mud and humiliate her.

At the time, I was very angry, but my third sister stopped me and told me not to act rashly. I thought about it and it made sense, so I thought about it for the whole night. The more I thought about it, the more I felt that the matter was too serious, so third sister and I came to apologize to you early in the morning.

Of course, I had my own selfish motives. I wanted to use the power of the Tiger to get you to help me vent my anger. But what I said was also true. I was really worried about the future of our Mo residence. Jun Chen's appearance was bound to cause trouble sooner or later. It wasn't just him, if other brothers and sisters still had such a temperament., "We need to teach them a lesson as soon as possible. It's best if they know the immensity of Heaven and Earth."

Mo Xiaoting couldn't help but nod at Yun Chujiu's words. If Yun Chujiu kept singing high-profile, he wouldn't believe her. That would be more convincing, so, he said, "Fangcao, fangqin, from tomorrow onwards, come to the study room in the morning and read with grandfather."

Mo fangqin could not believe her ears. Come to the study room every morning to accompany grandfather to read? Oh My God, what an honor this is! Even the eldest grandson of the eldest uncle's family, Mo Junbang, did not receive such treatment. A country bumpkin got such special treatment just by getting a broken tree branch to carry on his back? Along the way, she also benefited from it?
