

The Yun Family's Ninth Child is an Imp! Chapter 1895

"First aunt, third aunt, these two trees are for the two of you. I won't send them off until my uncle and third uncle come. You Won't pick on me, right?" Yun chujiu asked timidly.

Wu Shi and Niu Shi were so angry that their noses were almost crooked. Pick on me? ! Who cares about your lousy cabbages? !

During this period of time, old madam Liu had been watching coldly. She did not say anything to remind Wu Shi and Niu Shi. The reason was very simple. She had been cheated by Yun Chujiu yesterday. In order to balance her heart, she wanted to see Wu Shi and Niu Shi get cheated as well.

Moreover, she also wanted to use this matter to make Wu Shi and Niu Shi isolate Yun Chujiu and make her become a rat crossing the street. This way, Yun chujiu could be controlled by her and no one would plead for mercy.

Mo fangshuang and the other two did not know what their parents' plans were. They were all proud and arrogant, so how could they swallow their anger? Thus, they all began to ridicule and ridicule.

"Sister Fangcao, if I'm not wrong, you're only at the second level of the spiritual venerable realm, right? This spiritual power is too low. Even the maids in our manor have higher spiritual power than you." Mo fangshuang said with disdain.

“That’s right, Sister Fangcao. This immortal essence continent is different from your previous low-grade continent. This second level of the spiritual venerable realm is about the same as having no spiritual power. How are you going to face people in the future?”? ! Really, TSK TSK, it’s really a little embarrassing.” Mo Fangmin echoed.

Mo Fanghui was even more direct. “Sister Fangcao, you don’t represent yourself alone. It’s Our Mo family. So before your spiritual power improves, it’s best that you stay at home and don’t go anywhere, because it’s really too embarrassing.”

After saying that, Mo Fangshuang and the other two looked at Yun Chujiu proudly. They thought that Yun Chujiu would definitely have a face full of shame and inferiority complex, who would have thought that Yun Chujiu would keep nodding her head. “What you guys said makes so much sense! I think the same. A good-for-nothing like me shouldn’t go out and embarrass myself. I should just stay at home and cultivate.”

Mo Fangshuang and the other two were stunned. They had already thought of how to refute Yun Chujiu. Who would have thought that this fellow would actually take the initiative to admit that he was a good-for-nothing? How were they supposed to respond to that?

Just as the three of them were at a loss, a youth rushed in from outside. As he walked, he shouted loudly, “Grandmother! I heard that country bumpkin is staying in Tinghe Xuan? You Chase her out, I want to stay in there!”

Old Madam Liu’s expression was originally very gloomy, but when she saw the youth who came in, she immediately beamed with joy. “What’s with the fidgety! Be careful of falling! It’s not easy to have a day off today, why are you up so early? Have you eaten breakfast?”

Yun chujiu could not help but curse in her heart. This idiot seemed to be Mo Junchen. This damn old woman was really biased. How High was the sun already rising, and it was still early? !

However, when old madam Liu mentioned breakfast, this fellow only remembered that she and Mo fangqin had not eaten breakfast yet! This fellow was a little distracted. What should she eat later? Should she let Qing Liu go to the canteen to get food or go out to eat? Speaking of which, Feng Li City looked much bigger than Jin Chuan City. There must be a lot of delicious food..

At this time, Mo Junchen also noticed that there were many people in the room. He perfunctorily greeted Wu Shi and Niu Shi before his gaze fell on Yun Chujiu.

“You are that country bumpkin? Do you think you deserve to stay in Tinghe Xuan? You still want to eat lotus seeds? Ptui! Did that servant girl complain to you when she went back yesterday? Country Bumpkin, hurry up and vacate Tinghe Xuan. Otherwise, you will be the one who falls into the lotus pond!” Mo Junchen said arrogantly.

Other than Mo fangqin, everyone else had an attitude of watching the show. Even old madam Liu only lifted her teacup and drank tea. She did not scold Mo Junchen at all.
