

The Yun Family's Ninth Child is an Imp! Chapter 1901

Mo Fangqin couldn't help but shiver. She obviously understood the hidden meaning behind old madam Liu's words. If she didn't obediently accept the punishment today, then she would very likely be imprisoned in the old mansion forever, she might even lose her life silently.

Mo Fangqin's heart was filled with resentment and unwillingness. They were both descendants of the Mo family. Why could Mo Junchen do whatever he wanted? Why could Mo Fanghua receive her father's love even though they were both girls? Why was this so? !

However, even if she was unwilling, what could she do? How could a small arm be able to twist over a thigh? Grandfather did not come out for a long time, which meant that he did not want to stand up for them at all.

Mo Fangqin looked at Yun Chujiu, Yun Chujiu said pitifully to old madam Liu, "Grandmother, although you dote on Junchen, you can't not distinguish between right and wrong. Junchen, this rebellious and unfilial thing, actually wants to stand shoulder to shoulder with grandfather. Does he want to go to heaven? !"

"You, you little slut! How dare you scold your elders! What are you all standing there for? Arrest this little slut!" Old Madam Liu's prestige was repeatedly provoked, she couldn't care less about the many guards here and directly cursed.

The old woman beside Old Madam Liu immediately jumped towards Yun Chujiu when she heard that. She stretched out her hand to grab Yun Chujiu. Yun Chujiu repeated the same trick and continued to dodge behind the guards.

These guards could have dodged, but after being threatened by Mo Junchen, they could not help but feel a little dissatisfied. Therefore, they secretly cooperated with Yun Chujiu to dodge.

Although that old woman was old madam Liu's trusted aide, she did not dare to hurt the family head's guards for no reason. Therefore, after grabbing for a long time, she did not even touch the corner of Yun Chujiu's clothes.

However, Yun Chujiu's mouth did not stop. She wailed loudly, "Grandfather! Come out quickly! This crafty old woman wants to kill me!"

"Grandfather! Help! If you don't come out now, you will only see my corpse!"

..

Old Madam Liu was so angry that her head was buzzing. This little slut must have done it on purpose. If the master was disturbed, he would definitely blame her.

"What are you waiting for? Attack together! Tie these two little bitches up!" Old Madam Liu said to the maids beside her.

Old Madam Liu looked at Wu Shi and Niu Shi. "Both of you attack together!"

Although Wu Shi and Niu Shi only wanted to quietly watch the show, they did not dare to not move after hearing old madam Liu's orders. Hence, the two of them rushed towards Mo Fangqin.

The two of them were very shrewd. Compared to Yun Chujiu, Mo Fangqin was too easy to catch. Catching one of them would be considered as giving an explanation.

Mo Fangqin was not as bold as Yun Chujiu. She was obediently imprisoned by Wu Shi and Niu Shi and brought before old Madam Liu.

Old Madam Liu couldn't catch Yun Chujiu, so she vented her anger on Mo Fangqin. She slapped Mo Fangqin. "Little Slut! You are only a concubine's daughter. Do you think you can rebel?!"

Blood immediately flowed out from the corner of Mo Fangqin's mouth. It was clear how much strength old madam Liu had used. In the past, Mo Fangqin would definitely kneel on the ground and beg for mercy. But now, she did not want to. Her heart was filled with resentment and unwillingness. She just stood there stubbornly and did not say a word.

Seeing that she refused to admit her mistake, old madam Liu's anger grew. She raised her hand and was about to slap mo fangqin again when she heard someone clearly say, "Grandmother, if you dare to hit my third sister, I'll hit your Precious Grandson!"
