

The Yun Family's Ninth Child is an Imp! Chapter 1905

Everyone thought their ears were playing tricks on them. Was the family head crazy? !

Mo Xiaoting continued, "Fang Cao is right. Mo Junchen, you call yourself young master. Whose Young Master are you? You call your own sister a slut. She is a slut. What are you?"?

As the Master of the Mo family, how could you be so smug after bullying a maid instead of training properly? !

"A fool like you will only implicate the Mo family in the future. If you still don't repent, I will kill you so that you won't bring disaster to the Mo family!"

Mo Junchen was so frightened by Mo Xiaoting's fierce gaze that he almost peed himself. He quickly hugged old madam Liu's thigh as his entire body trembled.

Old madam Liu said unhappily, "Old Master, what are you saying? How can you listen to the Little B * Tch's one-sided words?"

"Shut up! What did Fang Cao say? It's all your words! It's all your grandmother's fault that a good child has become like this! How dare you call your granddaughter a Little B * Tch? You... You've really disappointed me!"

“If you can’t manage the house well, then hand over the position of housekeeper!” “I will find a suitable person to replace you,” Mo Xiaoting said coldly. If this idiot hadn’t given birth to three sons, she would have already divorced her.

Hearing Mo Xiaoting’s words, Old Madam Liu did not dare to say a word.

Mo Xiaoting turned to look at Wu Shi and the others, “As for you guys, all you know is to curry favor. Don’t you have your own judgment? If your son treated his sisters like this, would you still say that? You guys have really disappointed me!”

Wu Shi and Niu Shi’s faces were flushed red as they quickly apologized. Mo Fangshuang and the other two also lowered their heads and admitted their mistakes.

“Forget it! At least you guys are timid and won’t cause any big trouble. Disperse! By the way, I have an announcement to make. From tomorrow onwards, fangcao and fangqin will accompany me to the study room to read,” Mo Xiaoting said, he then turned around and walked into the courtyard.

What?

Mo Fangcao and Mo fangqin would be allowed to accompany the master in the study room?

Everyone was unable to process what Mo Xiaoting had just said. How was this possible? Even the master's grandson wasn't allowed to enter the study room, so why would mo fangcao and Mo Fangqin be allowed to enter? What did this mean?

Wu Shi's mind spun the fastest. She thought back to Mo Xiaoting's request for Madam Liu to hand over the housekeeper's authority. Could it be that Mo Fangcao was going to be the housekeeper in the future?

This... wasn't this nonsense? !

Putting aside whether mo fangcao had the right or not, she was a girl who was going to get married in the future. How could she be the housekeeper? Was the head of the family crazy?

She had lost so much face in front of the younger generation. Old Madam Liu was both embarrassed and angry. She rolled her eyes and fainted.

In an instant, everything was in a mess. Wu Shi and Niu Shi ordered people to carry old madam Liu and Mo Junchen and arranged for a doctor to treat them.

Yun chujiu was the only one watching from the side with her arms crossed. By the time everyone carried Mo Junchen onto the soft bed., the man spoke, “Mo Junchen, apologize to me and third sister immediately. Otherwise, I will make you lie on the bed forever! If you don’t believe me, you can try!”

“You Little B * Tch! Don’t even think about it!” Mo Junchen felt that Mo Xiaoting must have lost his mind from anger. That was why he said those words. He was sure that he would change his mind in the future.

Yun chujiu put away the rolling pin and took out a large kitchen knife. She walked over to the soft bed and lifted the two guards. Their legs felt weak. What was Miss Fang Cao trying to do? She wasn’t going to kill Young Master Junchen, was she?

If old madam Liu hadn’t fainted, the guards would still have some backbone in their hearts. But now, they really couldn’t do anything to Yun Chujiu!
