

The Yun Family's Ninth Child is an Imp! Chapter 1906

Yun chujiu took the big kitchen knife and rubbed it against Mo Junchen's face. "Junchen, I always keep my word. If you don't apologize, I'll draw a little bastard on your face!"

"You, you, if you really dare to do it, grandmother, father, and mother will not forgive you!"

"TSK tsk, you're really naive! Are those people that you mentioned as powerful as grandfather? Grandfather dotes on me the most right now, so no one dares to touch me. I'll count to three. If you don't apologize, I'll make a move!" Yun Chujiu said in a nasty manner, she looked as arrogant as she could be.

Mo Junchen was terrified. He gritted his teeth and said, "I'm Sorry!"

"Speak louder, I didn't hear you! Besides, you should at least have someone to apologize to. Don't tell me that you can't even speak properly? HMM? Idiot!" Yun chujiu took the large kitchen knife and patted mo Junchen's face.

Mo Junchen could even feel the cold air from the large kitchen knife. He was so scared that he hurriedly shouted, "Big sister, third sister, I'm Sorry! I'm Sorry!"

"That's more like it. You Can Leave Now! Don't worry, I'll visit you often while you're recuperating." Yun chujiu waved the large kitchen knife and said with a smile.

Mo Junchen couldn't help but shiver and hurriedly ordered the two guards to leave.

Yun Chujiu walked to Wu Shi and Niu Shi's side again. "First aunt, third aunt, thank you for telling the truth just now. If you did not tell the truth, grandfather would not know the truth of the matter."

After Yun Chujiu finished speaking, she held the large kitchen knife and looked at the two people with a smile that was not a smile.

Wu Shi and Niu Shi felt a chill on their backs and said embarrassedly, "Fang Cao, about that, we still have to go and see your grandmother, so we'll leave first!"

Yun Chujiu said with a smile, "Aunt, third aunt, although it's easy to be a fence-sitter, you still have to judge the direction of the wind. If you go in the wrong direction, I'm sorry, but we can only pull it down from the wall!"

Wu Shi and Niu Shi naturally knew what Yun Chujiu meant. They looked at each other and left quickly with Mo Fangshuang and the other two without saying a word.

After walking for a distance, Mo Fangshuang said hatefully, "What's wrong with grandfather? He actually protected that country bumpkin Mo Fangcao so much!"

"Yeah, that country bumpkin is simply too arrogant. She doesn't even put grandmother, first aunt, and my mother in her eyes. Could it be that she really wants to take over grandmother's management rights?" Mo Fangmin also said angrily.

Madam Niu rolled her eyes. "Sister-in-law, although our sister-in-law usually has some small conflicts, it's not a big deal! Right now, this Mo Fangcao is our common enemy. If we don't get rid of her, perhaps the family head will really hand over the authority as a housekeeper to her."

Madam Wu snorted coldly. "She's just a little girl at the second layer of the spiritual venerable realm. The family head might not mean that. Let's observe and see. Besides, there's still mother. She won't let this matter rest. She will definitely seek revenge."

Niu Shi's eyes lit up. "Sister-in-law, you are the smartest!" Yes, there's still mother. Mother will definitely think of a way to deal with that country bumpkin. Furthermore, Luo Shi isn't someone to be trifled with. If she were to hear that her precious son's leg was broken, she will definitely not let this matter rest. Let's just watch the show."

On the other side, Yun Chujiu took out a porcelain bottle and handed it to Mo Fangqin. "Wipe it on your face. You will be back to normal by tomorrow morning."

Mo fangqin took the porcelain bottle and did not say a word. Yun chujie did not probe further. "Let's go to the kitchen. I'm starving from the Torment!"
