

The Yun Family's Ninth Child is an Imp! Chapter 1910

Mo fangqin almost laughed out of anger. This country bumpkin's words sounded better than his singing. She definitely didn't have any good intentions.

The two of them quickly arrived outside old madam Liu's bedroom, old Madam Liu's furious scolding was coming from inside. "Mo Fangcao, that little slut! What kind of sin did our mo family commit to give birth to such an unfilial thing? ! "Hurry up and send a letter to second brother. Let him, the father, teach this little slut a good lesson!"

Mo fangcao shrunk her neck and looked at Yun Chujiu. That meant that she was angry inside. Should she still go in under such circumstances?

Yun chujiu bared her little white teeth at her and shouted excitedly, "Grandmother! Grandmother! I've come to see you! I've brought you something good!"

After Yun Chujiu finished speaking, she did not bother with the maid on duty and directly rushed into the bedroom. Mo fangqin had no choice but to follow her in.

Old Madam Liu was sitting on the bed. When she saw Yun chujiu rushing in, she could not help but vent her anger. "You Damned Little Slut! You still dare to come? Granny Gao, capture these two little bitches for me."

The old woman beside Old Madam Liu was about to make a move when she heard that, Yun Chujiu yelled, "If you dare to touch a single hair on my head, grandfather will definitely kill you!" "Grandmother, I came to visit you out of the kindness of my heart. Grandfather also knows that I'm here to visit you." "I advise you to calm down. Otherwise, my grandfather might find an aunt for my father and an aunt for me!"

"You! You! You're talking nonsense! Granny Gao, tear off her filthy mouth!" Old Madam Liu was so angry that she was trembling. She was most worried about Mo Xiaoting taking in concubines.

"Grandmother, if you have the ability, then let her beat me up! It just so happens that grandfather has no reason to divorce you! At that time, you won't need to find an aunt anymore. You can marry her openly! TSK TSK, maybe next year, she can even give birth to a little uncle for me!" Yun Chujiu said with a smile without even trying to hide.

"I'm so angry! You Little B * Tch, you are spouting nonsense!" Although old madam Liu said this, she did not let Granny Gao do anything. It was obvious that she had some misgivings.

"Granny Gao, keep these lotus pods for grandmother. It's bad for people to get angry all the time." Yun Chujiu acted as if nothing had happened. She smiled and stuffed a large bunch of lotus pods into Granny Gao's hands.

This fellow's style had changed so quickly that Granny Gao was confused. She subconsciously caught the lotus pods.

Yun chujia sighed. "Grandmother, I came here this time to give you the lotus pods. Secondly, I want to talk to you from the bottom of my heart. If I don't say this, my heart will be filled with anxiety. I Won't be able to eat well or sleep well."

Old Madam Liu snorted. "Eat well? Sleep well? I think you would like to anger me to death!"

"Sigh! Grandmother, your words really hurt my heart, my liver, and my small body! You are my biological grandmother, and I am your biological granddaughter. Don't you think we are making a joke out of each other? !"

"Humph! Didn't you say that your grandfather would find you a step-grandmother? !" Old Madam Liu said through gritted teeth.

"Grandmother, I was just afraid that you would hit me! No matter how stupid I am, I don't want grandfather to find me a step-grandmother. If she gives birth to a little uncle, wouldn't she compete with my father for the family property? !"

Grandmother, please calm down. I really came here this time to tell you from the bottom of my heart. If I am not kind to you, I will let the heavenly lightning strike me to death!" The poison vow of taking the blame for ten thousand years appeared again.
