

The Yun Family's Ninth Child is an Imp! Chapter 1915

Mo Fangqin smiled. "Big sister, look at what you're saying. You're saying this on purpose because I like Lake Blue, right?!"

Yun Chujiu's expression froze and she sighed. "Third sister, I know that you usually pick second sister's clothes to wear. It's not easy for you to like the color of the new clothes this time. How can I compete with you.

"Moreover, I really like red. Red is so festive. Perhaps our mo residence will have a happy event soon!"

Old Madam Liu saw the two sisters "Humbly give in to each other." She was even more satisfied and dissatisfied with Madam Luo. Although Fangqin was the daughter of a concubine, she was too harsh. The money she saved might even be used to fill the Luo family, it was really detestable!

"Thank you for your reward, grandmother. You should rest well. We will take our leave first. We will come and pay our respects to you tomorrow after accompanying grandfather to finish reading," Yun Chujiu said respectfully.

"You may leave. If you are not free tomorrow, you don't have to come over." There was no comparison, so there was no discrimination. Yun Chujiu's previous appearance of a dead pig not afraid of boiling water was a stark contrast to her current appearance of obedience, therefore, old madam Liu looked particularly pleasing to the eye.

“Grandmother, how can that work? ! No matter how busy I am, I still have to come over and greet you”... Granny Gao, take care of grandmother carefully. If you need me to do anything, send a maid to look for me.”Yun chujie shamelessly took on the role of a favored granddaughter automatically, she gave orders to Granny Gao.

Granny Gao did not recover from her shock and nodded her head blankly.

Damn it, this country bumpkin was so full of himself. Why did the old Madam’s attitude change so drastically?

She was originally calling her a little slut. How did she become a little girl now?

She was originally rebellious and unfilial. How did she become sensible now?

She had wanted to kick him out of the Mo estate, but now she had been rewarded with two sets of clothes?

This Miss Fang Cao had angered the old madam to the point of death. She had even broken young master Jun Chen’s leg, and now everything was fine?

Moreover, from the looks of it, not only did the old madam not hate her, she seemed to like her a little. Wasn't this a little too mysterious?

The most unbelievable thing was that there hadn't been anything for Madam Luo to do here. How could the culprit be madam Luo in such a short period of time?

Granny Gao pinched herself secretly and grimaced in pain. Although all these things had happened in front of her eyes, she still couldn't believe that a person could change the world with just his words? This Miss Fang Cao was really a God!

Although Granny Gao had a lot of thoughts in her mind, she didn't say anything. She wasn't stupid. Now Miss Fang Cao Not only had the protection of the family head, but the old madam didn't seem to bother her anymore, if she said anything bad at this time, it would be asking for trouble.

Although mo fangqin appeared very calm in the house, after leaving the main courtyard, her entire body trembled slightly. It wasn't fear but excitement. There was also an indescribable emotion, in short, her entire body was in a state of excitement.

The country bumpkin actually said a lot of things. Not only did he resolve grandmother's hatred towards her, but he also transferred the hatred onto Mrs. Luo. Most importantly, he saved Aunt From that Cannibal Place?

Although it wasn't completely safe to go to the old residence, at least Mrs. Luo didn't dare to do anything openly in the old residence. Aunt wouldn't be in any danger for the time being.
