## The Yun Family's Ninth Child is an Imp! Chapter 1921

"Fanghua, why aren't you apologizing to Grandma?!"Madam Luo saw that the situation wasn't right and quickly winked at Mo Fanghua.
When Old Madam Liu saw this, she became even angrier. It was just as Fangcao had said, Fanghua's good child had been spoiled by this slut!
Mo Fanghua's eyes were slightly red as she said stiffly, "Grandma, I was wrong."
"HMPH! All of you have grown up and grown up. How can you put an old woman like me in your eyes? !"Old Madam Liu said with a strange tone.
"Mother, look at what you are saying. You are still young. If you were to say that you are our elder sisted people would believe you!" Madam Luo was truly at a loss. What was this old Fogey trying to do? No matter how she praised her for her youth, this trick was always effective.
Clang!
Old Madam Liu slammed her teacup to the ground. "Luo Shi! You B * Tch! Are you trying to be on equal footing with me?!"

Old Madam Liu nearly exploded from anger. This was because she recalled that Yun chujiu had said that Madam Luo wanted to vie for the authority of the family. Now, she was talking about elder sister. wasn't it obvious that she wanted to be on equal footing with her?!
It had to be said that old madam Liu's imagination was really strong. The main reason was that she was already dissatisfied with Madam Luo. Now, her dissatisfaction was magnified!
Madam Luo was on the verge of collapse!
What was wrong with this old Fogey? How could he not be able to tell that he was lying?
"Mother, please calm down. I was wrong!" Madam Luo had no choice but to admit her mistake and get through this first.

"HMPH! You were wrong? How Can You Be Wrong? How capable are you! You forcefully instigated second brother to move to Jin Chuan City. The two children who were perfectly fine were taught badly by you! You Shameless Slut!"
Madam Luo had been living in luxury in Jinchuan city all these years. In addition, her mother's family's influence was constantly growing, and her back had hardened. Hearing old madam Liu humiliate her like this, her anger couldn't help but rise. "Mother, father and you agreed to move to Jinchuan city back then. Besides, what's wrong with Fanghua and Junchen?"? Fanghua was considered outstanding among

the younger generation in the western continent. Junchen was indeed a little mischievous, but that was all because of you. Did I teach him?"
Old Madam Liu was so angry that she was trembling. "B * Tch! Good! Good! You really have grown wings. You actually dare to Talk Back to me! According to what you said, Jun Chen's leg is broken. Is it also because of me?"
"Mother, there are some things that a daughter-in-law shouldn't say, but since you asked, I can only tell you the truth. "Firstly, Jun Chen has spent most of these years growing up in the old mansion. You have to bear a lot of responsibility for his mischievous character. "Secondly, Jun Chen's legs were broken by Fang Cao right under your nose. Won't you let someone stop him?"
Madam Luo thought that since they had already fallen out, there was nothing to be afraid of. Besides, she had her mother's family backing her up now, so the Mo residence wouldn't dare to do anything to her.
"Slut! Kneel down! Nanny Gao, bring me the Family Law!"Old Madam Liu was so angry that she almost passed out. It was just as Fang Cao had said, the culprit behind all of this was this slut!
When madam Luo heard what old madam Liu said, she immediately said, "Mother, I think you're most

likely not in good spirits today, so your words are a little chaotic. Since that's the case, Fanghua and I will

go to the Luo residence to stay for a few days first. When your anger has subsided, we will return."

After madam Luo finished speaking, she did not care whether old madam Liu agreed or not. She directly took Mo Fanghua and left.
"It's the other way around! It's the other way around! This bitch! I'm so angry!"Old Madam Liu was so angry that she almost passed out.
