

The Yun Family's Ninth Child is an Imp! Chapter 1928

Yun chujju bit and gnawed continuously. Di beiming could not hold it in any longer and turned around to press Yun Chujju under his body.

After lingering for a while, the two of them finally ended this earth-shaking long kiss. Both of their lips were slightly red and swollen, especially di beiming's lips, which were even bleeding from Yun Chujju's bite!

Yun chujju turned around and pressed di beiming under her again. "HMPH! Didn't you want to marry me? Then why did you kiss me? You Stinky Hooligan!"

Di beiming had never thought that he could be related to the word "Stinky hooligan" in his life. He could not help but feel embarrassed and grabbed Yun Chujju's wrist.

"Your Dantian is fine? Are you lying to me?" Di beiming frowned and asked.

"Sigh, although it's fine now, something will happen sooner or later!" "Actually, I also understand why you want to break up with me. There are three shameless people in My Dantian. Moreover, I have the Heavenly Thunder Spirit Root that Tian Dao wants to kill. Most importantly, I can't have sex with you. Of course, you despise me!"

As Yun Chujju spoke, tears fell again and fell on Di Beiming's face.

“Nonsense! When have I ever despised you? !”Di beiming reached out his hand to wipe away the tears on Yun Chujiu’s face.

“You don’t have to be so kind! If you don’t despise me, why did you break up with me?”Yun Chujiu said angrily.

“I, I, Sigh! Little Jiu, I really did it for your own good. If we don’t break up, you will be implicated by me sooner or later.”Di beiming had no choice but to grit his teeth and say.

“Are you stupid? ! Then won’t you become stronger and protect me? !”Yun chujiu pouted and said.

Di beiming let out a long sigh. “Little Jiu, there are some things that I can’t tell you. Moreover, I don’t know much myself. Of course, I want to become strong enough to protect you, but I’m afraid that before I become strong enough, you’ll be implicated by me. I’d rather die myself than let you die because of me.

“So, let’s split up. Don’t worry, I won’t marry anyone else. I Won’t fall in love with another woman for the rest of my life.”

Yun chujia poked di beiming's chest, "Are you stupid?" Ah, are you stupid? ! You think that if you break up with me, I won't be in danger anymore ? Your so-called threat is that no matter how powerful you are, you can still be as powerful as Tian Dao I'm not even afraid of Tian Dao, so why would I be afraid of a BULLSH * t threat ■!

Besides, I'm such a talented person, will I always be so weak? I'll become stronger. When the time comes, I'll fight side by side with you! Whoever wants to break us up, I'll destroy him!"

Di beiming did not speak for a long time. Then, he suddenly turned around. Yun chujia realized that she could not move anymore. Di beiming looked at her. The expression in his eyes was very complicated. There was pity, love, guilt, and a hint of struggle:

"Little Jiu, remember what you said. If you can gain a firm foothold in the Immortal Yuan continent in three years, and I'm still alive, we will get married! If you can't, I will also arrange for someone to help you kill the members of the Mo family, including the members of the Mo family and the Ben family in the eastern continent. I will help you resolve the future problems and send you back to the Tian Yuan continent. You, you can find someone to marry!"

Yun chujia knew that di beiming was serious this time. Her eyes flashed with a dazzling light. "Three years? Okay! Then, three years! But, gigolo, are you going to let this go after torturing me like this?"

"If I become a heaven's favorite in the Immortal Yuan continent in three years, you will have to kneel down and propose to me in front of all the mighty figures in the immortal Yuan continent. You will also say that you are looking down on me and underestimating me, Yun Chujia!"
