

The Yun Family's Ninth Child is an Imp! Chapter 1936

Xiao Hei repeated what it had heard. "Master, it's all thanks to your divine plan that I hid in your black-hearted father's study. Otherwise, things would have been bad. What should we do now?"

"I have to think about it carefully. It's not that easy to plot against me! You continue to keep an eye on me and be careful not to be discovered," Yun Chujiu said coldly.

"Master, don't worry! I've made another hole in their bedroom. I guarantee that I'll be able to find out their conspiracy," Xiao Hei said proudly.

The corner of Yun Chujiu's eyes twitched. She was afraid that she would not be able to get any useful information from the bedroom. Instead, it was the two of them who were having sex. They were probably going to have sex.

After Xiao Hei left, Yun chujiu moved the table back to its original position.

Yun chujiu recalled what Xiao Hei had said. Mo Cheng had said, "It doesn't matter if it's dead or alive." This meant that there was definitely something wrong with the marriage.

Either the other party was a pervert, or the other party had other motives for marrying her. However, it was definitely not a good marriage. If not, the Luo clan would have allowed Mo Fanghua to marry instead of her.

Yun Chujiu felt that the matter was a little tricky. The difficulty of this matter depended on the background of the family that wanted to marry her.

If the other party was just an average family, she could easily get rid of them by acting coquettishly and using her words. She was afraid that the other party's background was much stronger than the Mo family's. If the other party threatened her, Mo Xiaoting would definitely give up on her.

The second possibility was extremely high. Otherwise, Mo Cheng and Madam Luo would not have taken such a huge risk to bring her back from the Tian Yuan continent.

Most importantly, manager Xia's Hunyuan Bell was said to have been lent to Mo Cheng by Mo Xiaoting. This meant that Mo Cheng knew about it.

Mo Xiaoting wasn't the only one who knew. Old Madam Liu, Mo Peng and Mo Chang also knew about it. Otherwise, Mo Peng and Mo Chang wouldn't have wanted to succeed her.

As long as Mo Cheng gave them enough benefits, no one would speak up for her.

Yun chujia walked around the house. What should she do? Escape? Obviously, it wasn't possible. Her current spiritual power was too low. Although she was in danger in the Mo residence, she could at least keep her life. If she ventured out, she would most likely die.

Most importantly, she wanted to use the Mo residence as a springboard to the eastern mainland.

Since she couldn't escape, she could only think of a way to ruin the marriage.

Right now, the only thing she could do was to gain Mo Xiaoting's attention within a short period of time. This attention had to exceed the benefits that the other party had promised.

What could she do to make Mo Xiaoting fall out with the other party to protect her?

To be honest, Yun chujia couldn't think of a solution for the time being. Although her alchemy or talisman-making skills had an immediate effect, the side effects were too great, so she couldn't use this method as a last resort.

Yun chujia also had the thought of asking di beiming for help, but she immediately rejected it!

Firstly, the gigolo was definitely doing something important. He was probably very far away from Feng Li City, so far water couldn't quench his thirst.

Secondly, I, Yun Chujiu, am also an ambitious person. We agreed on a three-year pact, we agreed on becoming the elites of the immortal Yuan continent. If I ask for help in such a small matter, wouldn't that be a slap in the face? !

Yun chujiu was a big-hearted person. If she couldn't think of a solution, she might as well stop thinking about it. When the time came, she would just have to deal with whatever came her way. At worst, she could use her talisman technique to convince Mo Xiaoting.
