

## The Yun Family's Ninth Child is an Imp! Chapter 1939

"Oh? Your idea isn't bad. I didn't expect you to be so business-minded. But, will the Luo family agree to it?" Mo Xiaoting said with a smile, but his smile did not reach his eyes.

Mo Cheng was even more excited when he heard Mo Xiaoting's words, "Father, I just had a sudden thought. With this transaction, not only will we not lose money, we will also make a fortune. It's a great deal!"

If it was anyone else, the Luo family would definitely not agree. But, what relationship do we have with the Luo Family? I will go with Qiaoyun to see father-in-law. He will definitely agree."

"It's very dangerous to go to the extreme desert city. Will the Luo family help us for free?" Mo Xiaoting asked calmly.

"This... This is a business transaction. Of course, we will not help you for free. But, our families are relatives after all, so it shouldn't be too much," Mo Cheng said with a flicker in his eyes.

"If that's the case, you should go to the Luo family right now and find out what's going on."

"Yes, I'll bring Qiaoyun to the Luo family right now," Mo Cheng's face lit up as he left in a hurry.

“Father, second brother doesn’t usually have so many tricks up his sleeve. If you say that this has nothing to do with him, I won’t believe it even if you beat me to death,” Mo Chang said through gritted teeth.

“You guys should go back first. Second Brother will come back and see what the Luo family has to say,” Mo Xiaoting said noncommittally.

Mo Peng and Mo Chang had no choice but to take their leave and leave the study room.

Mo Xiaoting sat in his chair without saying a word for a long time before he suddenly asked, “Fang Cao, what do you think?”

Yun Chujiu giggled, “Grandfather, don’t you know what’s going on in your heart? As a daughter, there are some things that I can’t say.”

Mo Xiaoting let out a long sigh, “If you cause trouble, you won’t even talk about returning to the eastern continent! I think the moment I step down, the Mo family will be wiped out by these three idiots in less than three years.”

“Grandfather, look at what you’re saying! You can live for another tens of thousands of years without a problem! Besides, children and grandchildren will have their own blessings. If a son can’t do it, maybe a

grandson and granddaughter will do it! Take Me for example. What do you think of Me?"Yun chujiu shamelessly recommended herself.

Mo Fangqin's eyes twitched. Big Sister, you really dare to say that! The Mo family's housekeeper wasn't someone you could turn to! Just wait to be scolded!

Mo Xiaoting was also amused, "You little girl, you sure have thick skin! If you were a grandson, grandfather would have considered handing the Mo family over to you. Unfortunately, you are a girl and sooner or later, you will belong to someone else."

"Grandfather, I don't like what you are saying. So what if you are a girl? I am a member of the Mo family and naturally, I have to do my part for the Mo family! At most, I will give birth to a few more children in the future and one of them will have the surname Mo!"!

"Besides, if someone from the Mo family is successful, I'll just hand over the housekeeper to him. If you don't trust me, I'll swear on my life,"Yun Chujiu said as she pouted.

Mo Xiaoting was stunned for a moment before he fell into deep thought, "Fangcao, it's good that you have such intentions, but this is a big matter that concerns the MO family. Grandfather can't make a decision just because you say so."

"How about this? If you can help grandfather handle the plain brocade beautifully, I'll consider it.". "If you can't do anything about it, then don't mention anything about taking control of the Mo family and listen to grandfather's arrangements. Do you have the guts to agree?"

Yun chujia couldn't help but curse. What an old fox. Even if she succeeded, Mo Xiaoting would only give it a "Think". He was truly capable of both offense and defense.

However, she urgently needed Mo Xiaoting's recognition, so she could only seize the opportunity in front of her.

So., yun chujia said confidently, "Grandfather, leave this matter to me! I promise that not only will I not lose money on this batch of plain brocade, I will also help you make a huge profit. But, there is a condition. You must keep everything I do a complete secret. You must not tell anyone and give me some reliable servants."
