

The Yun Family's Ninth Child is an Imp! Chapter 1944

Shopkeeper Guo took the drawing that Yun Chujiu handed over and couldn't help but click his tongue in wonder. "Miss FANGCAO, did you draw this? The style of the clothes on it is really too novel!

If you use other fabrics to make ready-made clothes, the sales will definitely be good. However, if you use those defective products to make it, although it should be good, I'm afraid it won't be easy to sell it at a high price."

"You just need to make the clothes well. You Don't have to worry about other things." "After the first batch of ready-made clothes is made, I will ask Hei Shi to go and get them." "Then, you guys hurry up and make as many as you can. I have other arrangements," Yun Chujiu said coldly.

Shopkeeper Guo saw Yun Chujiu's cold tone and didn't dare to say anything more. However, he didn't think much of it in his heart. Why did she come here in the middle of the night to talk about such a small matter? She was really making a big fuss over nothing!

Just as shopkeeper Guo was thinking about this, he heard Yun chujiu say coldly, "Shopkeeper Guo, do you think I'm making a big fuss over nothing? Moreover, these cloths can't be sold at all? I'm warning you, if you mess up this matter, the first thing I'll do is to kill you."

As soon as Yun Chujiu finished speaking, shopkeeper Guo felt a chill on his neck, and a big kitchen knife was placed on his neck.

Shopkeeper Guo was so frightened that he nearly fainted. Oh God, this young lady of fragrant grass is too scary. Why does she always use a large kitchen knife? ! Other masters would at most just scare her, but this one, she directly attacked!

Shopkeeper Guo originally had some intentions of perfunctory, but after being frightened by Yun chujia, he immediately threw those thoughts out of his mind. What a joke, if he didn't take it seriously, this crazy young lady would really take his life!

"Shopkeeper Guo, I've always been clear about rewards and punishments when handling matters. Don't worry, if you do this matter beautifully for me, I Won't lose any of your benefits. Take this one million upper grade spirit stones first."

Shopkeeper Guo was even more dumbfounded!

One, one million upper grade spirit stones?

This fragrant grass young lady was too generous. Although finding a tailor would cost a bit, she still didn't need to spend so much!

"Do you have any more questions? If not, wait outside the courtyard. I still have something to tell Hei Shi and the others." Yun chujia saw shopkeeper Guo's stunned expression, she thought to herself, red dates and a big stick were indeed a good way to quickly subdue her subordinates.

Shopkeeper Guo heard Yun Chujiu's question and quickly shook his head. Then, he went into the courtyard to wait.

Hei Shi and the others felt uneasy. What kind of mission would this Miss Fang Cao assign them? She made it so mysterious. What exactly was she going to do?

Yun chujiu babbled her thoughts to Hei Shi and the others. Everyone's faces stiffened. How did this Miss Fang Cao's head grow? How did she come up with these strange ideas?

"Do you all understand what each of you have to do? I will give each of you one million high-grade spirit stones. You have to pay more and pay less. Don't be afraid of spending money. Do it beautifully for me. Do you understand?"

Hei Shi and the others nodded one after another. They only had one thought in their hearts. This Miss Fangcao was really generous! One million high-grade spirit stones in one go. She was really generous!

After Hei Shi and the others left, Mo Fangqin was silent for a long while. She said to Yun chujiu, "Big sister, I believe that you can sell these cloths for a good price this time. You're too mean!"

"Third sister, this isn't called mean. This is called building momentum! Besides, there are no unscrupulous businessmen! You have a lot to learn!" Yun Chujiu said smugly.
