

The Yun Family's Ninth Child is an Imp! Chapter 1945

Two days later, Mo Xiaoting noticed that Yun Chujiu was happily reading in the study room every day. She did not do anything, so he couldn't help but ask curiously, "Fangcao, how's the situation going? It's already been two days."

"Grandfather, everything is under my control. Don't worry," Yun Chujiu said confidently.

"You sure talk big, little girl. I'll wait and see!" Mo Xiaoting laughed.

"Grandfather, I don't do things that I'm not confident in. Since I've promised you, I will definitely do it."

"I hope so."

..

Just as the grandfather and grandson were chatting, housekeeper he from the Mo residence came over to report, "Master, there's a group of people outside. They say they're from the Zhao family. Second Young Master and second madam are also with them."

Mo Xiaoting's expression changed. He slammed the table angrily, "Built the feudal city's Zhao family? Second Brother is an idiot! How did I give birth to such a stupid waste?!"

Yun Chujiu's heart skipped a beat. Mo Cheng and Luo Shi were also with her. So, this Zhao family must be the Zhao family that wanted to marry her. She didn't expect them to arrive so quickly!

"Grandfather!"! Father had once let slip that there was a Zhao family that wanted to marry me. However, it was not a good match. It was no different from selling me out. Grandfather, I know that as the head of the family, the interests of the Mo family are naturally the most important. If the Zhao family were to offer a sizable exchange, you would definitely be in a dilemma.

I do not blame you, because if I were you, I would also put the interests of the family first. But, since I am your granddaughter, please give me a chance to prove myself. I will prove that the benefits you will bring me will be thousands of times more than what the Zhao family will give you! I will definitely lead the Mo family back to the eastern continent!" Yun Chujiu said as she looked at Mo Xiaoting with determination.

Mo Xiaoting was obviously caught off guard. He did not expect Yun Chujiu to know the Zhao family's intentions and say something like this.

If Yun Chujiu had simply begged or complained, not only would Mo Xiaoting not show any mercy, he would have even insisted on marrying her off. After all, the Zhao family was not to be underestimated. Offending them would not bring any benefits., not to mention, there would be plenty of benefits.

However, not only did Yun chujie not complain, she even said that she understood his difficulties. This made Mo Xiaoting feel a little pity and relief. He felt that this granddaughter of his was a reasonable person.

Mo Xiaoting thought back to the events of the past few days, after a moment of silence, he finally said, "Grandfather is not a cold-hearted person. You know how filial you are to him. "You don't have to worry about the Zhao family for now. Just sell the plain brocade and we will discuss the future."

"Thank you, grandfather! I will definitely take care of the plain brocade issue. I Won't let you down. Since we have a guest visiting, third sister and I will take our leave."

Yun chujie couldn't help but curse in her heart. This Old Fox was really stubborn. It looked like he would temporarily delay the Zhao family. If she took care of the matter regarding the plain brocade, then the crisis would be temporarily resolved. If she didn't take care of it properly, the old Fox would most likely agree to the Zhao family's request. What a cold-blooded old bastard!

"OK, let's go back!" Mo Xiaoting noticed that Yun Chujie did not continue to pester the Zhao family. He couldn't help but be satisfied with the way she handled the matter. If the plain brocade matter could really be taken care of., it wasn't a bad idea to have a falling out with the Zhao family and ask her to stay.
