

## The Yun Family's Ninth Child is an Imp! Chapter 1951

Yingke Xian was the largest teahouse in Feng Li City. It was right across from Jin Xiu Zhuang.

The guests inside the teahouse were surprised to see Mo Xiaoting and his entourage. Why did the Mo family bring two little girls to drink tea with them? They had never seen these two girls before. They must be the young ladies of the Mo family, right?

As the crowd looked at Mo Xiaoting, they couldn't help but think of the beautiful dress and started whispering amongst themselves.

Although their voices were soft, Mo Xiaoting could still hear them. His expression darkened as he looked through the window at Mian Xiu Manor.

Originally, Mian Xiu Manor's business was quite good, but after the heaven, earth, mountains, rivers, and moonlight dress incident, everyone's impression of it changed drastically. Apart from the onlookers, no one came to buy clothes.

Shopkeeper Guo had lost a few pounds over the past two days, yet he still had to put on a confident front. He almost wanted to die!

Mo Xiaoting looked at the bleak scene in Mian Xiu Zhuang and couldn't help but feel regretful. It seemed he had overestimated this little girl. After all this trouble, the business of Mian Xiu Zhuang had been affected. It wasn't worth it!

Mo Xiaoting thought of the 20 million high-grade spirit stones and asked softly, "Fang Cao, you didn't spend much spirit stones, right?"

"Grandfather, I've always been frugal. I only spent 10 million," Yun Chujiu said with a smile.

Mo Xiaoting felt a buzzing sound in his head. 10 million was still not enough? It was over! This 10 million must have gone to waste!

At this thought, Mo Xiaoting was no longer in the mood to drink tea. With a cold expression, he said, "Enough, we've strolled around and drank our tea. Let's go home!"

Yun Chujiu said with a smile, "Grandfather, we've only drank a cup of tea. What's the rush? ! Let's sit for a while longer. There might be a good show to watch!"

If they weren't outside, Mo Xiaoting would have given her a good scolding. So, he could only grit his teeth and remain silent.

At this moment, the streets began to bustle with noise.

Two young women walked into Mian Xiu Zhuang. Most importantly, they were wearing a sky, earth, mountains, rivers, and moonlight dress. One was aqua blue while the other was light yellow. Both of them were paired with a white cloth.

As the two of them walked slowly, the mottled patterns on their dresses kept changing, adding a bit of liveliness to their bodies.

“Sigh, it goes without saying that this heaven, earth, mountains, rivers, and moons dress looks pretty good on me!”

“That’s right. If it weren’t for the price being too high, it wouldn’t be too bad to buy a set. After all, this plain brocade is waterproof and fireproof. It Won’t break even after wearing it for a few years.”

“That’s strange. Didn’t Mian Xiu village say that the heaven, earth, mountains, rivers, and moons dress is limited in number and can only be reserved? Why are these two ladies wearing it? Where did they buy it?”

..

Everyone was extremely curious. They all gathered around the entrance of Mian Xiu Zhuang, and some people even went inside to watch the show.

The girl wearing aqua blue clothes said, "I heard that you guys also have heaven, earth, mountains, rivers, and moon dresses here? How much are you selling them for?"

Shopkeeper Guo ignored her and said, "200,000 for a set. Pay 10,000 spirit stones first to reserve it."

"200,000? Are you sure you said 200,000?"The yellow girl said in surprise.

Those who were watching the show couldn't help but gloat. These two girls must have bought it at a very cheap price. After all, it was a defective product. Let's see how shopkeeper Guo will deal with it.

"That's right. It's 200,000. If you think it's too expensive, you can go to another shop and buy it!"Shopkeeper Guo said firmly, but his heart was filled with tears. This wasn't the attitude of selling things! ! Could This be sold? !

"It's not expensive! It's not expensive! 10,000 spirit stones, right? This is 100,000 high-grade spirit stones, I'll order 10 sets! Give me one set of all colors!"The Girl in Aqua Blue hurriedly said.

"I'll order 10 sets too! Aiya, no, no, I'll order 20 sets, give my cousins one set too!"The Girl in light yellow hurriedly said, as if she was afraid that she wouldn't be able to get it.
