

## The Yun Family's Ninth Child is an Imp! Chapter 1956

Mo Peng, who was at the side, also chimed in proudly, "Father, this is really a blessing in disguise! Not only will we not suffer a loss, but we will also make a huge profit. You Won't be angry this time, right? !"

"That's right. Second Brother still wants to ask the Luo family for help. Bah! Our Mo family is blessed by the heavens. We even need the help that the Luo family owes our son!" Mo Chang said with a beaming expression.

Yun chujiu couldn't hold back her laughter. Where did these two people get their confidence from? Blessed by the heavens? Blessed my ass! If it wasn't for me, you guys would have lost everything!

Mo Xiaoting's face turned red. He wanted to kill these two idiots!

"Get Out! Get Out! Keep Your Mouths shut. If I hear any of your nonsense, I won't forgive you!"

Mo Peng and Mo Chang were completely confused. This was such a good thing, why was their father scolding them?

"I'm warning you two, you are not to interfere in the plain brocade business. If I find out that you have done anything or said anything wrong, I will take back all your shops. Do You Hear Me?" Mo Xiaoting was extremely disappointed in his two sons, they were completely stupid!

Although Mo Peng and Mo Chang still did not quite understand, they did not dare to disobey Mo Xiaoting's orders and retreated with their heads lowered.

Mo Xiaoting slammed the table angrily, "Stupid! Stupid! How could I, Mo Xiaoting, have such a stupid son!"

Yun Chujiu cursed in her heart. The reason was simple: you've done too many immoral things!

Mo Xiaoting took a deep breath and asked, "Fangcao, tell grandfather what's going on."

"Grandfather, it's actually very simple. I've only used two methods. One is to buy clothes and the other is to limit purchases."

Yun Chujiu did not mention hunger marketing. She was afraid that Mo Xiaoting wouldn't understand, so she changed to limit purchases.

Mo Xiaoting furrowed his brows and thought for a moment before he suddenly realized, "You arranged for those women and those people to buy clothes?"

Yun chujiu giggled, "That's right, not only them, but also those who were causing a ruckus in the crowd and adding fuel to the fire. I asked Hei Shi and the others to hire them."

Mo Xiaoting's eyes twitched. This little girl was really mean! She actually thought of such a method. If he didn't know, even he would have believed her!

"Then, why did they limit their purchases? Wouldn't the more they buy, the better?" Mo Xiaoting asked in confusion.

"Grandfather, this restriction is to stimulate people's desire to buy. The less they can get, the better. This restriction has created the illusion that demand exceeds supply. The more it is like this, the more people will fight over it."

"Let me tell you, there might be more people lining up to buy tonight. There might even be people from other cities coming over to buy," Yun chujiu said confidently.

Mo Xiaoting had never heard of such a sales strategy. The more he thought about it, the more he felt it made sense, but, he suddenly thought of a crucial question, "Fang Cao, what you said makes sense. But, the heaven, earth, mountains, rivers, and moonlight dress doesn't have any effect on absorbing spiritual energy. What if those people come and cause a ruckus?"

Yun chujia smiled brightly. "Grandfather, don't worry. I have already thought about this! "Firstly, I will let the child spread the public opinion. I will say that ever since I put on the heaven, earth, mountains, and rivers, and the moon dress, the speed of absorbing spiritual energy has increased. "Everyone loves their face. If others have increased their speed, how can they say that they have not increased their speed? "!

"Secondly, if there are still people who go and cause a ruckus, I will let shopkeeper Guo play the recording stone. Shopkeeper Guo has clearly told them that this dress does not have the effect of increasing the speed of absorbing spiritual energy. If they cause a ruckus, it will be unreasonable!"
