

The Yun Family's Ninth Child is an Imp! Chapter 1967

This was clearly the first time Luo Yan had encountered such a situation. Normally, when two women had an argument, wasn't it supposed to be between the two of them? Why was there still the matter of the bystanders?

Besides, why were these people speaking up for the country bumpkins?

At this moment, the bystanders' discussions became even louder!

"I've heard from my brother-in-law's brother-in-law's eldest cousin that Miss Fangcao's life in Jinchuan city is miserable!"

"Is that really the case? Quick, tell me, how miserable is it?"

"I heard that those maidservants dared to insult Miss FANGCAO, much less pay for food and clothing! I heard that Miss Fangcao bought a welcome gift for Luo Shi, and she was even scolded to the point of spewing blood!"

"That's nothing. I also heard that the Luo clan sent Miss Fangcao to the forest outside the city to undergo a trial. She's not allowed to return to the Mo residence until she completes her mission!"! Wasn't miss fangcao only at the second level of the Spirit Paragon Realm? She was only allowed to kill Fey beasts above the twenty-seventh level. It was obvious that she was torturing her."

..

Luo Yan's face alternated between green and white as she roared in exasperation, "Shut Up! My aunt will not mistreat this country bumpkin!"

"As the saying goes, the eyes of the masses are always sharp. Everyone has witnessed the dirty deeds your aunt has done. Why else do you think Luo Shi was chased back to the Luo Family? It's because her actions were too excessive!"

Mo fangqin could not help but curse inwardly. F * * K, this country bumpkin was really mean! Regardless of whether it was Luo Yan or Luo Shi, they were unable to defend themselves. Could it be that they could still say that Luo Shi had left in a fit of pique because she was disrespectful to her mother-in-law? Filial piety was the most important thing. If she said that, her reputation would be even more tarnished!

Luo Yan nearly fainted from the rebuke. "You, you, you are spouting nonsense! I'll tear your smelly mouth apart!"

As Luo Yan said that, she pounced at Yun Chujiu. Yun chujiu nimbly dodged as she shouted, "Everyone, watch this. Luo Yan was the one who made the first move. I did not retaliate!"

The spectators immediately went online as they discussed indignantly:

“Miss Fangcao is truly kind and magnanimous! She did not retaliate despite being bullied to such an extent.”

“I reckon Miss Fangcao is afraid that Luo Shi will punish her. How Pitiful!”

“Miss FANGCAO, you should retaliate. If not, it would be too aggrieved!”

..

Mo Fangqin’s eyes twitched violently. Are Your Eyes Just for show? A country bumpkin is kind? A Country Bumpkin is magnanimous? A country bumpkin is pitiful? This guy is a black heart who eats people without spitting out their bones!

“Luo Yan, I’m warning you. I’ve been tolerating you for a long time. If you don’t stop, I’ll fight back!”When Yun Chujiu saw that the public opinion was almost ready, the two little devil horns on her head began to show!

Luo Yan didn't know that this guy was pretending to be a pig to eat a tiger. She thought that she was bluffing and said arrogantly, "I'm going to teach you a lesson today! You're a country bumpkin who talks nonsense!"

Before Luo Yan finished her words, Yun chujiu flashed behind her and kicked her butt.

Luo Yan was kicked directly and flew out of the Rouge shop.

Luo Yan was not bad. She adjusted herself in the air and did not fall down. She staggered a few steps and stood still. However, being kicked out by Yun Chujiu in public, one could imagine the shame and anger in her heart.

"Country bumpkin! Originally, I did not use my spiritual power on account of my aunt. Since you are courting death, then I will fulfill your wish!" Luo Yan said and released a spiritual power python towards Yun Chujiu.
