

The Yun Family's Ninth Child is an Imp! Chapter 1973

"Humph! Dream On! After you return the spirit stone to me, kneel in front of me and kowtow to admit your mistake, and let my maid beat your face until it is swollen, I will let you go!"

Although Luo Yan's face was smeared with the swelling ointment, it was still burning with pain. She hated Yun Chujiu deeply in her heart.

"What if I don't agree?" Yun chujiu curled the corner of her mouth and said indifferently.

"Don't agree? If you don't agree, I will beat you until you agree! Not only that, I also want... Your Clothes. Let everyone see you, B * Tch, naked!" Luo Yan looked at Yun Chujiu with jealousy, this B * Tch, man, didn't deserve to have such good looks at all.

"TSK TSK, I didn't expect that your Luo family members have the habit of taking off people's clothes.

"But, Luo Yan, did you choose the wrong person?" "If you want to strip, you should strip a man!" "Why don't we have a discussion? Look at my bodyguard, he is very handsome and has a good figure. You can strip him!" Yun chujiu pointed at Hei Shi who was standing next to her.

Hei Shi almost fainted from anger. Miss, you can't Play Like This!

Bodyguards also have dignity! Men also have chastity!

Luo Yan was stunned at first, then she said angrily, “B * TCH, cut the crap! I’m asking you, do you agree or not?”

“Luo Yan, are you only bringing these few people?” Yun chujiu looked at the people that Luo Yan brought. Two of the maids were at the fifth level of the spiritual venerable realm, and she couldn’t see through the cultivation of the eight bodyguards.

“Humph, it’s enough for us to deal with the three of you! Are you going to agree or not?”

“How about this, this is the territory of the restaurant. Let’s go down and talk. Buddy, Come Here and help me pack these dishes. I want to take them back to eat.” Yun chujiu shouted while pulling her neck.

Everyone in the room was dumbfounded. What kind of time was it, and this person still wanted to pack the dishes? Should they praise you for being diligent and frugal, or should they say that you’re Heartless?

The waiter of the restaurant walked in with trepidation and helped to pack the food for Yun Chujiu.

“Alright, the food is also packed. Let’s go out and talk.” Yun chujiu walked in front with swagger, showing no signs of fear at all.

If it were any other place, Luo Yan would have directly taken action. However, drunken cloud restaurant was neither the property of the Mo family nor the Luo family. It was said that the owner had a very deep background, so she agreed to Yun Chujiu's suggestion.

Everyone rushed to the main street. Luo Yan said fiercely, "Mo fangcao, it's out now. Do you admit your mistake or not?"

"Admit my mistake? I'm not wrong, what mistake is there to admit! Luo Yan, I was lenient with you this morning. If you know what's good for you, then get lost quickly. Otherwise, you won't be able to settle it with ten million spiritual stones!"

This guy was delighted. Aiyo, he had just lent shopkeeper Pei ten million spiritual stones, and this guy came to deliver the money. He really came at the right time!

Mo fangqin and Hei Shi were about to cry!

Although Hei Shi's spiritual power was the highest, there were eleven people and only three of them. It was difficult for two fists to fight against four hands. wasn't he looking for trouble? !

"Miss, you and Miss Fangqin run quickly later. I'll hold them off,"hei Shi said to Yun chujiu in a low voice.

“Tell me first, what is the spiritual power level of those eight guards?” Yun Chujiu asked secretly.

“Eighth level of the spiritual venerable realm.” Hei Shi gritted his teeth. You Don’t even know their strength, yet you dare to challenge them. You’re really good!
