

The Yun Family's Ninth Child is an Imp! Chapter 1976

After Hei Shi had given out the spirit stones, Yun Chujiu rolled her eyes and said, "Let's go back to the grocery store. I have something to tell shopkeeper PEI."

Hei Shi and Mo fangqin were too lazy to ask. Anyway, there was no point in asking. They followed her back to the grocery store.

Shopkeeper Pei saw that Yun Chujiu and the other two had returned. He could not help but feel puzzled. "Miss FANGCAO, what other instructions do you have?"

"I'll give you another five million. You can buy me chili noodles with this money. If you really don't have it, the chili noodles will do." Yun chujiu passed another five million spirit stones to shopkeeper PEI.

The first thought that flashed through shopkeeper Pei's mind was that Miss Fangcao was really rich!

The second thought was, buy chili noodles with this money? ! Was this Miss Fangcao's brain completely damaged? ! How many chili noodles would she need to buy for five million high-grade spirit stones ? ! Even the people of Feng Li City wouldn't be able to finish it in ten years!

"Miss FANGCAO, is it true that all of them are going to buy chili noodles?"

“Of course it’s true! Quickly send someone to buy it, or else they might not be able to buy it. Also, don’t sell the chili noodles in the shop for the time being. Just say that they are out of stock! Do you understand?”

Yun Chujiu felt that after the earth-shattering battle just now, there would definitely be many people who wanted to buy some chili noodles to protect themselves, because the cost of this thing was much lower than the cost of poison.

Shopkeeper Pei’s face was filled with confusion and confusion. Fortunately, he was obedient and immediately arranged for people to purchase the treasures. Yes, the chili noodles.

After Yun Chujiu finished instructing shopkeeper Pei, she brought Mo Fangqin and Hei Shi back to the Mo residence.

The Mo residence was quiet. It was obvious that the people from the Luo residence had not come looking for them.

Mo fangqin and Hei Shi were worried. On the other hand, the culprit looked relaxed and at ease.

“Let’s go. Follow me to see my own grandfather!”

Mo Fangqin thought to herself. This fellow was probably going to admit his mistake. It was better this way. She wanted her grandfather to be mentally prepared and the punishment would be lighter.

The three of them quickly arrived outside Mo Xiaoting's study room. After the guards passed the message, Yun Chujiu walked in with Mo Fangqin while Hei Shi waited outside.

"Grandfather! Grandfather! I've made a huge contribution today!" Yun chujiu yelled excitedly.

Mo Fangqin stumbled and almost fell to the ground. Country Bumpkin, you really dare to say that! You've made a huge contribution? I think you've created a huge mess!

Mo Xiaoting had no idea that his ancestor had gotten into trouble after being away for half a day. He thought something good was going to happen, so he asked with a smile, "What did you make? Did you have a good idea to make money after seeing the grocery store?"

"The grocery store is just a small matter. I've helped you accomplish another BIG MATTER!" Yun Chujiu said mysteriously.

Mo Xiaoting was a little surprised, "Big Matter? What Big Matter?"

“Grandfather, apart from wanting the Mo family to return to the eastern continent, what is the most important thing you want to do? Do you want to destroy the Luo Family?” Yun chujia asked with a smile.

“Nonsense! Why would I want to destroy the Luo family when I have nothing to do? !” Mo Xiaoting’s expression was a little unnatural. Although these were his heartfelt words, the Mo family and the Luo family were in-laws, so he had to put up with it.

“Grandfather, don’t try to hide it in front of me!” The Luo family was nothing. Previously, they had tricked first uncle and third uncle, so there was no guarantee that they would be happy behind the scenes! Let me tell you, my father is marrying me off to the Zhao family. Perhaps, it was also the Luo family’s bad idea. They don’t want the Mo family to be happy!

Besides, let me say something irresponsible. The Luo family has risen so quickly. Perhaps, second aunt was the one who introduced the Mo family’s guests to the Luo family behind my father’s Back!”
