

The Yun Family's Ninth Child is an Imp! Chapter 1979

Mo Cheng watched as Mo Xiaoting brought Yun Chujiu and Mo Fangqin in, his face immediately turned red as he said, "Father, this unfilial daughter actually beat Yan 'er up so badly on the street and even extorted 20 million high-grade spirit stones. This is too much! We have to give the Luo family and Yan 'er a heavy punishment!"

Mo Xiaoting looked at him coldly but did not say a word. Instead, he nodded at Luo Pingsheng, "The Luo family's head has graced us with his presence. Sorry for not welcoming you."

Logically speaking, as a guest, Luo Pingsheng should have stood up when Mo Xiaoting walked in. However, he did not move and simply cupped his hands, "Mo family's head, you are too kind."

Mo Xiaoting's anger grew. Before the Luo family had made a name for themselves, Luo Pingsheng had always bowed to him every time he saw him. Who would have thought that he would be so arrogant now? How despicable!

Luo Yan looked at Yun Chujiu standing behind Mo Xiaoting and gritted her teeth in anger. If it wasn't for Luo Shi secretly comforting her, she probably would have strangled Yun Chujiu to death!

After Mo Xiaoting sat in the main seat, Yun Chujiu eagerly pulled out a small stool and sat down beside Mo Xiaoting! What a joke! What if Luo Yan or the head of the Luo family flipped out? !

Not only would Mo Cheng and Luo Shi not help, they might even help the bad guys. So, Mo Xiaoting's side was the safest.

Mo Fangqin's eyes twitched as she quietly found a corner to sit down. This was a place where she could watch a show without getting involved. She felt like she had learned a little bit of the essence of being a country bumpkin.

Mo Xiaoting looked at Yun Chujiu, who was wearing her own vest. His face froze, but he did not say anything.

On the other hand, Mo Cheng flew into a rage, "Unfilial daughter! Don't you have any rules? There are so many chairs, aren't you allowed to sit on them? What's the point of sitting there?!"

Yun Chujiu shivered, "When I was on the street, Luo Yan hit me like she was crazy, so I decided to stay by my grandfather's side. I'm timid and scared!"

Everyone was dumbfounded!

Couldn't you be a little more shameless? !

Were you scared?

Luo Yan had been beaten into a pig's head. If she was scared, she should be scared!

Luo Yan gritted her teeth in anger. After bowing to Mo Xiaoting, she said, "Grandfather Mo, this Mo Fangcao beat me up and even extorted 20 million high-grade spirit stones from me. Please help Yan 'er."

Mo Xiaoting did not say a word, Yun Chujiu sat on the stool and pouted, "Luo Yan, can you not be so thick-skinned? This is my grandfather, what do you call him? ! How can you be so thick-skinned? I've seen people picking up money, but I've never seen people picking up grandfather!"

Mo Xiaoting's eyes twitched. Fangcao, aren't you being a little unreasonable? !

Just as Luo Yan was about to fly into a rage, Luo Shi quickly said, "Fang Cao, this is your fault! The Luo and Mo families are in-laws, so it's not wrong for Yan 'er to address father as grandfather."

"Second aunt, my grandfather, the Ye family, is the Mo family's in-laws. Since when did a concubine's family become in-laws?" "People should know their own limits. Don't be arrogant just because you're pleased with yourself. Be careful not to climb higher and fall harder!" Yun Chujiu's face was all smiles, the words that came out of her mouth were like a knife cutting through blood!

Regardless of whether it was the Luo family head or Luo Shi, their faces were burning with anger. They wished they could find a hole to burrow into.

“Unfilial daughter! What Nonsense are you spouting? ! Although Qiaoyun used to be a concubine, she has now been promoted. The Luo family is naturally the in-laws of our Mo family.” Mo Cheng roared angrily out of embarrassment.
